I agree with every video, the last one is especially funny. If China is bossing the USA around now Biden is in control, what are the US media saying about it? They certainly didn't under Trump love or hate him

The Racist Hypocrisy of the Irish Press and Joe Biden attempt to “cover up” continued ongoing Democratic involvement and mi5use of Irish newspapers.

This Irish Independent newspaper is not a friend of left wing politics or free speech in the Republic of Ireland or anywhere else for that matter,(Wikifreaks are writing for Dark Politricks right to produce free speech!).The hidden,hideous and hypocritical double standards of this newspaper owned by

Dennis O'Brien are found in the book "Clinton Cash" which exposes the Clinton Foundation (another front for the CIA) collecting millions of dollars at dinner parties around the world. Clinton himself made brief speeches costing upwards of over 100,000 dollars. Dennis O'Brien is named in the book Clinton Cash presenting the Clinton Foundation with countless thousands of "green back" in exchange for guest appearances organized by the O'Brien Empire.

Copyrighted material belonging to the Irish Independent newspaper can be found inside of a pdf version of a Racist Neo Fascist book known as Gorings Biography written by a convicted "modern day" fascist who was fined over two million pounds for its production in the British courts. Dennis O'Brien is personally aware of the author and the Irish Independent copyright used in the specific pdf book version, however despite being listed as the richest person in Ireland he has no personal intentions of removing the copyrighted material through the court system. We completely condemn the racist actions of the Irish Independent in allowing their copyright to be produced in the first instance and later used in Gorings Biography and also condemn Joe Biden Government for remaining silent on "Wikileaks - Ireland's CIA Operations".

Luc Montagnier, was one of the co finders of HIV, before Luc statements were issued London CT Publishing placed articles upon Dark Politricks web publishing site explaining that certain proteins found within COVID-19 are remarkably similar to HIV virus. Furthermore based on paralegal work London CT Publishing although not qualified put forward another theory that whenever a virus mutates from species to species basically many Doctors explain that the protein structures of the new mutated virus in this case COVID-19 will have changed from where ever it came from – that's kinda easy to understand, what happens when a virus mutates is it becomes more friendly towards other virus (we don't mean friendly as in the new virus wants to facilitate in a way to benefit the infected virus we mean it has to change its structure in order to physically bond to another virus) the problem is as follows there are 2 bat coronavirus that are about 90 percent or above similar to COVID-19 (go to Dark Politricks for more info) HOWEVER there are 100 percent similarities in certain areas between the bat virus proteins and COVID-19 proteins and to date certain Doctors claim that would be impossible because in order for the virus to have mutated the proteins discovered that match according to world microbiology studies wouldn't match!! unless COVID-19 was engineered (man made)

The Gamaleya National Center of Epidemiology and Microbiology is the world's leading research institution. The center was founded in 1891 as a private laboratory. Since 1949 it bears the name of Nikolai Gamaleya, a pioneer in Russian microbiology studies.

Gamaleya studied at the laboratory of French biologist Louis Pasteur in Paris and opened the world's second vaccination station for rabies in Russia in 1886. In the 20th century, Gamaleya as one of the heads of the center fought epidemics of cholera, diphtheria and typhus and organized mass vaccination campaigns in the Soviet Union.

The center runs one of the unique "virus libraries" in the world and has its own vaccine production facility. Since the 1980s, the specialists of the Gamaleya Center led the effort to develop a technological platform using adenoviruses, initially extracted from human adenoids.

The Gamaleya Center successfully developed and registered in 2015 two vaccines against Ebola fever using the adenovirus vector platform. Another Ebola fever vaccine was registered in 2020. The vaccines have been officially approved for use by the Russian Health Ministry. About 2,000 people in Guinea received injections of Ebola vaccine in 2017-18 as part of Phase 3 clinical trial. Gamaleya Research Center received an international patent for Ebola vaccine.

Gamaleya Research Center used adenoviral vectors to develop vaccines against influenza and against Middle East Respiratory Syndrome (MERS). Both vaccines are currently in advanced stages of clinical trials.

Since 1997 Alexander Gintsburg, a member of the Russian Academy of Sciences, heads the Gamaleya Center.

Taken from Abu Stabooleeni [Dark Web Productions] from the article -staking alot of crime out. Dr Moayyad Al kamali radio shack.

There are no rules in espionage only Dedman, Alexander Fretovalante.

Their Russian Embassy in London doesnt belong to Trunp any more,the word is hes going one way or the other in the ded in the fed everyone pays eventually,he was cemented in around the time when 5G was pulled by British Prime minister Boris Johnston, guess the Fedz tell ya nonce and once only. The story line is riddled,what is clear is that the former head of psychiatry in Dublin was most definitely vetted as CIA files hacked out by wikileaks along with his personal bank accounts proved a hidden amount of money Gross 20 million came from alleged British Inrelligence sources.

Paragraph taken from article.

Explained simply if the CIA and Irish Government security clear a person before allowing them to become the Head of a Department its not likely hes working for the Russians,right!?. So when a group of ham radio dicks discovered military microwaves emitting from the Wedgewood Hotel 4 minutes walkie talk from the Russian Embassy you kinda figure it.The hotel was checked out and dont ask us,it belongs to dr Moayyad Al kamali,only it goes a bit further alot further in truth the Russians themselves never denied the allegations that Kamali was monitoring them.This has been going on for years.

The UK Is Becoming More Despotic Every Day

CIA Wanted To Assassinate Julian Assange Whilst In the Ecuadorian Embassy

By Dark Politricks

[UK Police State 1 October 2021 at 18:10](#)

The UK has turned into a police state, with more CCTV cameras capturing your face than any other country (apart from maybe China - don't know stats there), GCHQ listening in to phone calls, hacking into your Samsung TV and using the browser and the webcam to spy on people in their houses without them knowing, listening to phone calls, now cops can use COVID laws to break into your home without a warrant and just say "we got told by someone you had someone with COVID in here", pulling you over to ask where you are going, banning protests, preventing journalists and bloggers - people like you Dark Politricks - from reporting on news like the CIA hit in London on Julian Assange or their BBC MI6 paid off agents and their mob of vloggers pushing pro-NATO propaganda into Russia, then blaming Russia for doing the same thing to the UK. Boris Johnson is using COVID to push for UN agenda 2030, own nothing, no privacy, but be happy, DAVOS BS. Banning new cars that are not electric by 2030, trying to get people to work at home, in solitude, not drive so not spit out petrol fumes, not travel by plane, soon social credit will come in and we will all get ranked and if your on the naughty list then goodbye Chinese style government is coming to the UK and most of it is probably already here just being used undercover and out of sight like in the US with TRAPWIRE linking CCTV camera feeds up to follow you everywhere you go. Electronic banking will allow for instant fines and the lowering of benefits for people out of work if they spend their money on drink or gambling, They could all this now they are just waiting for the right moment after conditioning the population with COVID lockdown scare stories. Just glad to see so many people are not falling for it and believe it's a scam for the GOV to take power and keep it just like the US after 9.11. It is a sad world.

(Hissa like a big one you know?!)

Wikileaks and Julian are connected to the "Wiki" syndicate of servers, there are many "Wiki" based sites with different "Wiki" names that are part of a family tree, Assange is himself also more than aware of the Wikifreaks ** Bing and Google ** entry sites.

Today wikifreaks have many undercover members, anyone can write and call them selves a freak of "Wiki" although their are obvious political rules!. Wikifreakz are left and oppose and fight racism, antisemitism and capatilst ideology, although realists that accept money is still needed in modern day life to survive todays "Freaks" are cautious and are found within Arts, writing, music and of course computer publishing (an area the state and far right are affraid of!!).

Its upon the subject of free speech and publishing not to be confused with the Americans tainted expressionism that we focus upon,more to the point how far the far right will go to put ;Wikifolk" out of business as Mr Assange himself will undoubtedly agree with.Julian isnt of course the only "Wiki" martyr and it is here by clearly stated as evidence that an undercover British Governmen agent working with the police used violence and firearms to Confiscate/destroyed over (130 Bitcoins coins) 5 million dollars worth on a hard drive to be precise.It happened some time ago and the incident is linked to Bill Clintons top man(Dennis O Brien richest person in Ireland),Clinton of course having connections with the CIA through the Clinton foundation of which O Brien is a trusted member who has on previous occasions personally paid Clinton many hundreds of thousands of dollars as gifts, and as we know Craig Murray accepted Hilary Clintons emails from a source that stated they had a dislike of the Clinton foundation.

Evidence of the funding of the Bitcoin transaction found here.....and its the real thing be assured!! in family law you dont need to prove anything once you have the bank and police records... and its not going away either until the debt is paid in full by the Americanized/Irish Government.

"the FBI's whole case is based on the lies of a witness who pretended he was a high up WikiLeaks worker when in fact he was a fraudster and child molester"...Dark Politricks

In case the readers dont already know this but we are sure many do,the FBI and other satelite Governments such as Ireland and UK where they operate the CIA and FBI ALWAYS lie as it is policy to do so,infact its part of the "New World Order".Its not about evidence or right or wrong the New World Order is exactly that it is an order that overrides democracy and fatally forces...simple as. One of the failings of Wikileaks in a sense is in not producing evidence of how much money is issued to the UK and Ireland in Pentagon fundings this really is one of the most secret areas known to mankind! Snowden hinted at 100 million was given to the British secret service in one year however thats not even the tip of the ice berg.We know from the activities of organizations such as the Irish Republican Army in the 80s and 90s CIA Freedom of information acts reveal the CIA paid the IRA to kill British soldiers they also at the same time paid the extreme far right and London MAFIA to control the people and it still goes on to this day.The amount of money issued is alleged Billions a year in Ireland and the UK the CIA travel and live in the UK as accountants to oversee programs and administration.If you recall a missile/plane hit the Pentagon the same day as the two towers 911 coincidence?? well the largest amount of money ever gone missing in US Government was from the very offices that where destroyed in the PENTAGON ON THAT DAY NEATLY COVERING UP THEIR EXPENDITURE (MILLIONS OF MORTGAGE PAYMENTS IN BUCKS,HERTS,HAMSHIRE AND FALIED BUSINESS)The property biught decades ago with

Pentagon Dollars is now worth 20 times the value...rather neat to say the least.
Julian is a shrewd dude.

At the time this site was apparently constructed little was known about the incident, it seems that the laptop was removed at gun point on the anniversary date of the killing of Martin Luther King {Martin Luther King Jr., an African-American clergyman and civil rights leader, was fatally shot at the Lorraine Motel in Memphis, Tennessee, on April 4, 1968,)

Just for the record (five year old site!!!)

<https://albertsmithirishindependent.wordpress.com/2015/05/21/the-socialist-party-great-britain/#respond>

The laptop according to police records was thrown purposely on the ground the journalist was responsible. At the time bitcoins were cheap to buy from the Chinese it wouldn't be uncommon to find 250 bitcoins for around 500 dollars if you knew what people to find another tip of and this is the killer the Chinese were smuggling bitcoins in laptops into Europe so they couldn't get busted trying to sell them the codes were held on BIOS chips etc...child's play and stopped Fedz interfering, lots of coins zapped in to outer space in the early days!!!! The money to buy the bitcoins came from a well known female solicitor and that's on record too, complicated however easily proved.....

ANDREW DEDMAN MI5

Paste Andrew Dedman MI5 at Yahoo or Google search engines for more info on this fascist creep, according to dark web sources he basically tampered with British Government computer systems and then exported the data to Ireland where far right wing “patsys” made good with the stolen and “faked” info to pay for their cars and houses.

Reliable net sources explain that Andrew Dedman was a former British Army officer who was assigned to work in the police for a time in specialist work but later on in his career left the police in mysterious circumstances, that till this day have never been truly explained. We know from wiki-obtained police data whilst in the British army Dedman worked in south America, and was allegedly involved in

espionage work involving operations against South American communists,he was assigned the warrant number 1001 whilst in the police and the last known location for Dedman as a police officer was in an intelligence gathering unit in the City of London,International net sources found Dedman working in Turkey shortly after leaving the police by the Israel Intelligence service.Turkey as everybody knows is the gateway for heroin into Britain and Ireland.Below url is an introduction to Andrew Dedman,remove the wording from the site as jpgs add to your desktop and use magnifier application to read properly.

Dublin solicitor and recognised political Author, kieran Conway (featured above photo) was involved in a District court case in Bray town County, Wicklow,Ireland in we believe 2015,it was a political court case were right wing Journalist Albert Smith lied to convict a left wing socialist writer/net sign poster.The socialist was apparently held on British Intelligence files even before he came to Ireland to live,and had previous dealings with Dedman in the past in the Uk,It is Dedman who is thought to have generated the files about the socialist that were leaked illegally to Irish sources but not officially given to the Gardai.

During the court case in 2015 the Gardaí presented mere here say as evidence in the form of a speech read out in court by Albert Smith,were Smith himself attended a court hearing and talked about matters such as the CIA and threats made against him with weapons. Smiths speech convicted the socialist on weapons charges and the socialist was sent to prison.Albert Smith is a known and published far right wing fascist (his previous newspaper articles and promotional work as a sub-editor of the Irish independent newspaper on convicted fascist and author David Irwing proves this).

Articles of interest have in the past appeared on the net providing valuable evidence that explains the socialist stated in emails to an unnamed source at the time that Smith purposely lied in court by seemingly using a prepared and premeditated false speech,and that the judge accepted in court hear say evidence contained within Smiths own concocted political lies.According to a blog spot web site on the dark web internet discussion came to the conclusion,that by accepting the mere word of Journalist Albert Smith a known far right wing liar in court without any actual witness or any evidence the judge falsely imprisoned the socialist not for an alleged weapons offence that the socialist stated he never committed anyway, but as the blog writers suggested for being found guilty by the far right of being a socialist that exposed a ring of spys operating in Ireland under orders of the British Government.This known espionage activity was exposed through socialist political write ups that the public otherwise would never have read about and was leaked out in the left wing British political press.

In short the socialist investigated what is now termed as “Gardagate” and in the process exposed a cover up by Albert smiths newspaper the Irish Independent of Simon O Brien being a former British police officer as chairman of GSOC and his alleged involvement of being part of an alleged MI6 sting operation to “grab” Irish state intelligence held by GSOC.Like Dedman the socialist has always maintained that it was possible the British Government transferred OBrien to Ireland.

The court case is databased and more information can be found about Albert Smith as an alleged MI6 dogsbody on the net type Albert Smith MI6 below site is evidence that the journalist worked as a sub editor on the Irish Independent see site below:

<https://www.theguardian.com/world/2006/feb/20/austria.thefarright>

<http://www.irishtimes.com/business/media-and-marketing/people-put-their-lives-on-the-line-for-the-indo-and-this-is-what-they-get-1.2891166>

Various internet allegations can be found that indicate that Albert Smith worked on Andrew Dedmans generated data bases over a period of many years and that some of the data based files(The Dedman Files) were allegedly transferred secretly by Dedman himself to amongst other the Store street Garda station (against human rights treaties) as these files were held secretly in Ireland by “black” cops.

One article indicates the area where Smith lives (Shop river County Wicklow) was data based by Dedman back in 2002 and that Dedmans own pirated and stolen supplied data (block data,many thousands of types of files passed between bent cops without authorisation) was used by the “patsys” in the Dublin/Wicklow area were Smith lives to help pay the bills.The Gardaí themselves were quite happy to allow the local “patsys” to spy on person suspected of travelling in and around the Dublin Mountains on their behalf and spy is the right usage of word hear,the “patsys” were rewarded for their loyalty in pieces of land,discounts,wavers etc obtaining state housing and buildings at cheap rates of purchase,false ids,credit crunching etc etc.

Left wingers,taxexiles,criminals,suspected IRA members etc who have over the years either fled the UK to live in Ireland for political reasons or set themselves up in business in Ireland where all targeted and followed on behalf of the British and Amercian Intelligence service by “patsys” and bent cops and criminals.

Both the socialist and Journalist Albert Smith where born in the U.k and so the chances of both these individuals who where technically British,being involved in an alleged false weapons incident together in a remote part of the Republic of Ireland on the top of a mountain isn't a very likely prospect,especially as the alleged incident happened on farmers private property were the socialist had permission to travel from the local farmers (not roads or footpaths).

The unnamed socialist always maintained he was never involved in any weapons incident or that he was even present in the area when such an alleged incident occurred.Apparently in other articles found online the socialist claimed he swore in affidavits in court stating he was not present at the alleged incident,It is therefore logical to presume that circumstancially from an espionage angle their is enough online evidence and information to explain an invented incident/counter espionage tactic was used to illegally convict and punish the socialist writer for producing evidence that exposed amongst other Simon O Brien chairman of GSOC as a potential MI6 operative and a former British police officer in the left wing press,this apparent inventory of Albert Smith should by now be setting off political firealarms amongst the International left wing.

The publications of the socialist are still found on the internet and these articles indicate very clearly that even before Smiths allegations were mad through complaint process an article written by the Socialist exposed Simon OBrien the chairman of GSOC in the British left wing press as a former British police officer, whilst on the other hand Smiths newspaper at the same time the socialist articles were published on Simon OBrien being a former police officer, ran a cover up and didn't publish or indicate Simon O Brien was a former British police officer .

The Irish Independent news paper that Albert Smith worked for didnt print this evidence until much later on after Simon O Brien resigned from his job after different allegations were put to Simon O Brien,

So ask your selves as the readers of this article do you really believe that this socialist writer who exposed a cover up in Smiths own newspaper the Irish Independent just happens all of a sudden to appear before Smith on top of a mountain after exposing his paper running cover ups and then for no apparent reason threatens Smith with a weapon,when the socialist doesn't even know this chap? it sounds oh so bizare and mathematically inconceivable.The court affidavits even state the socialist wasn't even in the area when the incident took place and he doesn't know Smith as a person or even has held a conversation with the man in his entire life.

<http://www.irishtimes.com/news/crime-and-law/simon-o-brien-to-quit-as-chair-of-gsoc-to-take-up-role-in-uk-1.2057839>

Simon OBrien later left his job as chairman of GSOC after internal allegations that he was an MI6 operative used to export GSOC files back to MI5 on mass after espionage activity was suspected at GSOC headquarters.It was the socialists published articles that exposed MI5 knowledge of the IPCC and Simon Obrien obtaining a military based security contract for verimus security to work in screening Irish Government buildings, in a left wing political party news column that really set the rat amongst the greys.

One of the many articles produced by the socialist explained that the security company sent to Ireland by the IPCC (Verimus) was an MI5 connected company who uses staff from the same British Army regiment that killed Jean De-Menezes, whos death ironically was investigated by the IPCC themselves.The IPCC,MI5 and Simon Obrien collectively obtained the military contract together that got Verimus the work to look for bugs in Simon O Briens Irish offices where he was chairmen of GSOC all a bit to cosey?

It was leaked out in the Irish Independent that MI6 were involved in looking for bugs in O Briens office however the Independent only talked in half truths and when it came to the delivery it failed,it failed to name at the same time that verimus scanning equipment being used in Simon O Brien office was being used to protect a former British police officer,If it wasn't for the press leaks in other papers and other sources the public would never have known that verimus where operating in Ireland on behalf of MI6 and their operatives,the leak outs gave the security services in UK and America the power to confiscate internally all the GSOC records that MI5 now have because essentially there own operatives where under threat,all though Simon o Brien always stated he never fealt threatned,but he would wouldn't he,so essentially without the press leak outs no confiscation of records by the Americans and British would have been obtainable.The files stolen or sequestrated due to security breaches about Gerry Adams Sinn Fein leader having secret meetings with drug convicted dealer Kieran Boylan would never have been officially found by MI6 and MI5, allegations that Gerry Adams secret meetings have been going on for years is no news however this article is evidence that its a club where the spoils get divided and if you expose espionage publically you can pay a heavy price when publically you force secret agendas into the press.

Evidence that Verimus security are part of MI5 and have worked alongside them for example the Olympic games contract.

<http://www.verrimus-red.com/ourteam.html>

the socialist was followed from Ireland to Europe where he was involved in publishing Smith was part of an ongoing operation into Drugs/terrorism see article here;

<https://gerryhutchblog.wordpress.com/>

Albert Smith didn't care about who he spied upon and the Gardai themselves were always placing and mistaking people in different areas. Smith was stationed according to one internet web site and chosen by MI6 and the British Military to "plant" stories in the independent news paper he wrote an article about convicted fascist David Irving, Irving got 3 years for the books he published that were anti semitic also Smith appear on irwings home site promoting irwings banned books incidently no normal journalist would have consented to promote a fascist like Irving and as Kieran Conways book names fascists it has to be published here that Conways past comments on fascists have been published :

<https://www.goodreads.com/book/show/24305635-southside-provisional>

Kieran Conway went up against Garda Patton and sergeant Heraughty of Enniskerry Garda station when he represented the socialist in Bray court. Another Garda involved in these areas was Garda Cullen formely Stepside now Dundrum Garda Station, he should have blown the whistle on Heraughty and Patton a pair of right wing state protected spies that work for the American and British Intelligence service. The Garda station at Enniskerry has American police force uniform patches in the window the entire Enniskerry village is a MI6/CIA state protected right wing fascist safe haven, you cant publish sites on an Enniskerry Google entry, the powers that be remove any site placed on Google that lands on Enniskerry, try it for yourselves, and yes they follow your signalex back to where you live so do it somewhere else! If you type Enniskerry Nazi at Google prompt you find a worrying amount of right wing neo fascist sites all connected to this tiny little village in the countryside of Ireland.

Albert Smith MI6 May 24, 2020 At 7:42 pm

Former Irish Independent Sub-editor Albert Smith exposed himself earlier this year as a British bought journalist working (undercover) in Ireland, his own publishing company got hacked into through Yandex servers based in Russia. A group of unknown anonymous researchers claimed on various American publishing sites some time ago that Smith admitted to taking bribes from the Irish Police that's what TOR news stated – exactly that – bribes in the form of regular bank payments had been discovered being paid into bank accounts allegedly tracked and belonging to Smith, for legal reasons the bank details weren't disclosed however Smith's own admittance to the affair has been documented in writing and published publicly on various Russian sites for safe keeping.

Smith's own admission of accepting money from the police is a complicated political issue. In a country with a history of political violence that goes back decades this form of self-confessed espionage intel isn't simply going to go away, especially as Smith is a British citizen, furthermore working for the police isn't something that is mentioned in passing and then forgotten about, later on conveniently being brushed aside under some kind of magic carpet so to speak. It is an extremely serious political matter. Now that information of this calibre is finally in the Russian public domain Smith's ill-gotten gains become a statement of eventualities and more to the point inevitabilities.

The allegations derived from Smith's statement go far deeper than just accepting money from the police, in so much that the next question asked is how many other journalists in the Irish Independent newspaper have also been working for the Irish police? There doesn't seem to be much readily available evidence in Irish political history of journalists that have ever admitted to or proven to have worked for the Gardai before and so this recent Russian Yandex Hack seems to be another breakthrough.

One would presume then that Dennis O'Brien the owner of the Irish Independent will become directly implicated as he personally holds and controls security files held on Smith and must therefore presumably be aware of any regular payments made into Smith's accounts, this places new light upon O'Brien and his relationship with Bill Clinton as the published book Clinton Cash named Dennis O'Brien as the owner of Albert Smith's newspaper the Irish Independent that gave money to Bill Clinton. Where exactly then are we led to believe that the money paid to Clinton really came from Enda Kenny?, Mr Putin?, The British Secret Service? The readers must also consider court cases Smith was allegedly involved with over the many years. Being paid by the Gardai as a witness to give false evidence to the Irish courts is more than a serious offense, it directly implicates that members of the Garda Síochána itself must have knowingly been involved in rigging political court cases, you can find allegations on

Smith that go back many years on the internet ,just “Bing” it Albert Smith MI6- on how he lied in courts.Just to make the point if somebody had used Obrien to pay Clinton (and hes one of the biggest liars in American political history) then that might explain one of the many ways why and how Hillary Clinton really lost the election,somebody or some government or rival party was following Clinton around the world and buying into payment slots,who knows?it would make sense for an insider perhaps Russian,or British to setup a deal with O Brien and others like him and to pay the money to Clinton as he TOred the world,that way they would always have something on the happy go lucky trumpet blower. Espionage has no rules and there are certainly no rules on holding ones own opinions and views!!on determining where money could have possibly come from within the inner circles of the Clinton Foundation, its been suggested should Hilary have won the election all of the Clinton Foundation history would have been given a white wash brighter than the Whitehouse itself!The Mystique of Gardagate was in many ways created by the press in particular the Irish Independent and the master mind behind it all was none other than Journalist Conor Brady who worked with Smith and was identified by some as as the person who removed half the Irish Government with his papers articles that appeared in the Irish Independent ,see where all this is leading to?Smiths monitoring/policing role within the newspaper itself.Conor Brady incidentally worked for the Garda Siochana Ombudsman Commission allowing him to gain his info on MI6 agent Simon Obrien (former GSOC Chairman) ,so if Smith worked for the Gardai and Brady worked for the Garda Siochana Ombudsman Commission that makes for an interesting cocktail of stinker ,tailer soldier spy and we know exactly who Conor Brady implicated for spying on GSOC,perhaps thats why he wont come clean on Smith publicly as there are two many question marks that remain around this unhinged Jack Ruby styled character.Recent evidence shows clearly that Smith was trained in America,Louisiana and we wouldnt be surprised if Mr Conor Brady could also explain who exactly payed for Smiths training,and then of course Smith wrote a Walking book that was published and nobody bought the book (its been checked on publishing records)so whos is really pooting the bill?There are too many idiosyncratic demeanours hanging above Smiths fed hes a ringer for example he celebrated the work of convicted fascist David Irving (a holocaust denier)who received a three years sentence for producing anti semitic literature,if any european journalist today wrote a similar article they wouldnt last for very long and we doubt for legal reasons any European newspaper would even be allowed to celebrate an Author like Irving in their newspaper or even consider promoting a convicted fascist,so whats really going on here? is Ireland itself attempting to rewrite its own history cant the Irish Government give an answer in Gaelic to US as to why so many people are remaining silent ?? Other allegations on the net include Smith being an unregistered firearms user and Google allegations point directly at Albert Smiths ability at giving false evidence in courts.Smith decided to publicly announce through one of his own publishing articles that he had worked for the Irish Police and Mr Conor Brady will be able to explain the Gardias role in the GSOC bugging affair..ask me if anyone has ever bugged a newspaper office or taped journalists phone calls and you have the answer right there!When the Irish Independent office itself got bugged nobody talked about it in the press and there was no need to call for MI6 or the CIA!!

written in ten minutes on my ipadno light, walking along the roadside with no keyboard,no sleep,no money,.....apologize! Dont even speak Gaelic!!

The Racist Hypocrisy of the Irish Press and Joe Biden attempt to “cover up” continued ongoing Democratic involvement and misuse of Irish newspapers.

This Irish Independent newspaper is not a friend of left wing politics or free speech in the Republic of Ireland or anywhere else for that matter,(Wikifreaks are writing for Dark Politricks right to produce free speech!).The hidden,hideous and hypocritical double standards of this newspaper owned by Dennis O Brien are found in the book“Clinton Cash” which exposes the Clinton Foundation (another front for the CIA) collecting millions of dollars at dinner parties around the world.Clinton himself made brief speeches costing upwards of over 100,000 dollars.Dennis O Brien is named in the book Clinton cash presenting the Clinton foundation with countless thousands of “green back” in exchange for guest appearances organized by the OBrien Empire.

Copyrighted material belonging to the Irish Independent newspaper can be found inside of a pdf version of a Racist Neo Fascist book known as Gorings Biography written by a convicted “modern day” fascist who was fined over two million pounds for its production in the British courts.Dennis O Brien is personally aware of the author and the Irish Independent copyright used in the specific pdf book version,however despite being listed as the richest person in Ireland he has no personal intentions of removing the copyrighted material through the court system.We completely condemn the racist actions of the Irish Independent in allowing their copyright to be produced in the first instance and later used in Gorings Biography and also condemn Joe Biden Government for remaining silent on “Wikileaks – Irelands CIA Operations”.

Dr Moayyad Al kamali AKA the “Tripoli Bad Grass” is known to the Russian federation as a Government employee (agent) vetted by both the FBI and CIA (who politically endorse the torture and killing of Palestinians),before he worked within US territories.Allegations made against this Doctor include espionage,torture,money laundry,sexual abuse,false imprisonment,kidnapping,extortion and connections to drug cartels.The Government (Bidens only friends) refused to comment on why one of their agents was found holding down three jobs at the same time!! one as the President of St Andrews College Alumni Association in Dublin,another as the Dead Doctor in a hospital and finally found double parked next to Mr Putins london Embassy,with over 20 Million Gross hidden in various bank accounts around the world!! (Hissa like a big one you know?!)

Wikileaks and Julian are connected to the “Wiki” syndicate of servers,there are many “Wiki” based sites with different “Wiki” names that are part of a family tree ,Assange is himself also more than aware of the Wikifreaks ** Bing and Google ** entry sites.

Today wikifreaks have many undercover members, anyone can write and call them selves a freak of “Wiki” although their are obvious political rules!.Wikifreakz are left and oppose and fight racism,antisemitism and capatilist ideology,although realists that accept money is still needed in modern day life to survive todays “Freaks” are cautious and are found within Arts,writing,music and of course computer publishing (an area the state and far right are affraid of!!).

Its upon the subject of free speech and publishing not to be confused with the Americans tainted expressionism that we focus upon,more to the point how far the far right will go to put ;Wikifolk” out of business as Mr Assange himself will undoubtedly agree with.Julian isnt of course the only “Wiki” martyr and it is here by clearly stated as evidence that an undercover British Governmen agent working with the police used violence and firearms to Confiscate/destroyed over (130 Bitcoins coins) 5 million dollars worth on a hard drive to be precise.It happened some time ago and the incident is linked to Bill Clintons top man(Dennis O Brien richest person in Ireland),Clinton of course having connections with the CIA through the Clinton foundation of which O Brien is a trusted member who has on previous occasions personally paid Clinton many hundreds of thousands of dollars as gifts, and as we know Craig Murray accepted Hilary Clintons emails from a source that stated they had a dislike of the Clinton foundation.

Evidence of the funding of the Bitcoin transaction found here.....and its the real thing be assured!! in family law you dont need to prove anything once you have the bank and police records... and its not going away either until the debt is paid in full by the Americanized/Irish Government.

Page 208 DUBLIN gangs

Dublin solicitor and recognised political Author, kieran Conway (featured above photo) was involved in a District court case in Bray town County, Wicklow,Ireland in we believe 2015,it was a political court case were right wing Journalist Albert Smith lied to convict a left wing socialist writer/net sign poster.The socialist was apparently held on British Intelligence files even before he came to Ireland to live,and had previous dealings with Dedman in the past in the Uk,It is Dedman who is thought to have generated the files about the socialist that were leaked illegally to Irish sources but not officially given to the Gardaí.

During the court case in 2015 the Gardaí presented mere here say as evidence in the form of a speech read out in court by Albert Smith,were Smith himself attended a court hearing and talked about matters such as the CIA and threats made against him with weapons. Smiths speech convicted the socialist on weapons charges and the socialist was sent to prison.Albert Smith is a known and published far right wing fascist (his previous newspaper articles and promotional work as a sub-editor of the Irish independent newspaper on convicted fascist and author David Irwing proves this).

Articles of interest have in the past appeared on the net providing valuable evidence that explains the socialist stated in emails to an unnamed source at the time that Smith purposely lied in court by seemingly using a prepared and premeditated false speech, and that the judge accepted in court hear say evidence contained within Smiths own concocted political lies. According to a blog spot web site on the dark web internet discussion came to the conclusion, that by accepting the mere word of Journalist Albert Smith a known far right wing liar in court without any actual witness or any evidence the judge falsely imprisoned the socialist not for an alleged weapons offence that the socialist stated he never committed anyway, but as the blog writers suggested for being found guilty by the far right of being a socialist that exposed a ring of spys operating in Ireland under orders of the British Government. This known espionage activity was exposed through socialist political write ups that the public otherwise would never have read about and was leaked out in the left wing British political press.

In short the socialist investigated what is now termed as “Gardagate” and in the process exposed a cover up by Albert Smiths newspaper the Irish Independent of Simon O Brien being a former British police officer as chairman of GSOC and his alleged involvement of being part of an alleged MI6 sting operation to “grab” Irish state intelligence held by GSOC. Like Dedman the socialist has always maintained that it was possible the British Government transferred OBrien to Ireland.

page 209 Dublin gangs

Various internet allegations can be found that indicate that Albert Smith worked on Andrew Dedmans generated data bases over a period of many years and that some of the data based files (The Dedman Files) were allegedly transferred secretly by Dedman himself to amongst other the Store street Garda station (against human rights treaties) as these files were held secretly in Ireland by “black” cops.

One article indicates the area where Smith lives (Shop river County Wicklow) was data based by Dedman back in 2002 and that Dedmans own pirated and stolen supplied data (block data, many thousands of types of files passed between bent cops without authorisation) was used by the “patsys” in the Dublin/Wicklow area where Smith lives to help pay the bills. The Gardaí themselves were quite happy to allow the local “patsys” to spy on person suspected of travelling in and around the Dublin Mountains on their behalf and spy is the right usage of word hear, the “patsys” were rewarded for their loyalty in pieces of land, discounts, wavers etc obtaining state housing and buildings at cheap rates of purchase, false ids, credit crunching etc etc.

Left wingers, taxexiles, criminals, suspected IRA members etc who have over the years either fled the UK to live in Ireland for political reasons or set themselves up in business in Ireland where all targeted and followed on behalf of the British and American Intelligence service by “patsys” and bent cops and criminals.

Both the socialist and Journalist Albert Smith where born in the U.k and so the chances of both these individuals who where technically British, being involved in an alleged false weapons incident together in a remote part of the Republic of Ireland on the top of a mountain isn't a very likely prospect, especially as the alleged incident happened on farmers private property where the socialist had permission to travel from the local farmers (not roads or footpaths).

The unnamed socialist always maintained he was never involved in any weapons incident or that he was even present in the area when such an alleged incident occurred. Apparently in other articles found online the socialist claimed he swore in affidavits in court stating he was not present at the alleged incident. It is therefore logical to presume that circumstantially from an espionage angle there is enough online evidence and information to explain an invented incident/counter espionage tactic was used to illegally convict and punish the socialist writer for producing evidence that exposed amongst other Simon O'Brien chairman of GSOC as a potential MI6 operative and a former British police officer in the left wing press, this apparent inventory of Albert Smith should by now be setting off political firealarms amongst the International left wing.

The publications of the socialist are still found on the internet and these articles indicate very clearly that even before Smith's allegations were made through complaint process an article written by the Socialist exposed Simon O'Brien the chairman of GSOC in the British left wing press as a former British police officer, whilst on the other hand Smith's newspaper at the same time the socialist articles were published on Simon O'Brien being a former police officer, ran a cover up and didn't publish or indicate Simon O'Brien was a former British police officer.

The Irish Independent news paper that Albert Smith worked for didn't print this evidence until much later on after Simon O'Brien resigned from his job after different allegations were put to Simon O'Brien,

So ask yourselves as the readers of this article do you really believe that this socialist writer who exposed a cover up in Smith's own newspaper the Irish Independent just happens all of a sudden to appear before Smith on top of a mountain after exposing his paper running cover ups and then for no apparent reason threatens Smith with a weapon, when the socialist doesn't even know this chap? It sounds oh so bizarre and mathematically inconceivable. The court affidavits even state the socialist wasn't even in the area when the incident took place and he doesn't know Smith as a person or even has held a conversation with the man in his entire life.

Simon O'Brien later left his job as chairman of GSOC after internal allegations that he was an MI6 operative used to export GSOC files back to MI5 on mass after espionage activity was suspected at GSOC headquarters. It was the socialists published articles that exposed MI5 knowledge of the IPCC and Simon O'Brien obtaining a military based security contract for Verimus security to work in screening Irish Government buildings, in a left wing political party news column that really set the rat amongst the greys.

One of the many articles produced by the socialist explained that the security company sent to Ireland by the IPCC (Verimus) was an MI5 connected company who uses staff from the same British Army regiment that killed Jean De-Menezes, whose death ironically was investigated by the IPCC themselves. The IPCC, MI5 and Simon O'Brien collectively obtained the military contract together that got Verimus the work to look for bugs in Simon O'Brien's Irish offices where he was chairman of GSOC all a bit to cosy?

It was leaked out in the Irish Independent that MI6 were involved in looking for bugs in O'Brien's office however the Independent only talked in half truths and when it came to the delivery it failed, it failed to name at the same time that Verimus scanning equipment being used in Simon O'Brien office was being used to protect a former British police officer. If it wasn't for the press leaks in other papers and other sources the public would never have known that Verimus were operating in Ireland on behalf of MI6 and their operatives, the leak outs gave the security services in UK and America the power to confiscate internally all the GSOC records that MI5 now have because essentially their own operatives were under threat, all though Simon O'Brien always stated he never felt threatened, but he would

wouldn't he, so essentially without the press leak out no confiscation of records by the Americans and British would have been obtainable. The files stolen or sequestered due to security breaches about Gerry Adams Sinn Fein leader having secret meetings with drug convicted dealer Kieran Boylan would never have been officially found by MI6 and MI5, allegations that Gerry Adams secret meetings have been going on for years is no news however this article is evidence that it's a club where the spoils get divided and if you expose espionage publically you can pay a heavy price when publically you force secret agendas into the press.

the socialist was followed from Ireland to Europe where he was involved in publishing Smith was part of an ongoing operation into Drugs/terrorism see article here;

<https://gerryhutchblog.wordpress.com/>

Albert Smith didn't care about who he spied upon and the Gardai themselves were always placing and mistaking people in different areas. Smith was stationed according to one internet web site and chosen by MI6 and the British Military to "plant" stories in the independent news paper he wrote an article about convicted fascist David Irving, Irving got 3 years for the books he published that were anti semitic also Smith appear on irwings home site promoting irwings banned books incidently no normal journalist would have consented to promote a fascist like Irving and as Kieran Conways book names fascists it has to be published here that Conways past comments on fascists have been published :

<https://www.goodreads.com/book/show/24305635-southside-provisional>

Kieran Conway went up against Garda Patton and sergeant Heraughty of Enniskerry Garda station when he represented the socialist in Bray court. Another Garda involved in these areas was Garda Cullen formely Stepside now Dundrum Garda Station, he should have blown the whistle on Heraughty and Patton a pair of right wing state protected spies that work for the American and British Intelligence service. The Garda station at Enniskerry has American police force uniform patches in the window the entire Enniskerry village is a MI6/CIA state protected right wing fascist safe haven, you cant publish sites on an Enniskerry Google entry, the powers that be remove any site placed on Google that lands on Enniskerry, try it for yourselves, and yes they follow your signalex back to where you live so do it somewhere else! If you type Enniskerry Nazi at Google prompt you find a worrying amount of right wing neo fascist sites all connected to this tiny little village in the countryside of Ireland.

Albert Smith was assigned to search the wooded area of one of his many safe houses (knocknashee cottage) Shop River, Enniskerry Wicklow. Where Fat Freddie gang allegedly hid heroin in the wooded areas there. Garda John Heraughty and Garda Patton had the area "staked" out for hidden drugs brought at night time from Glencullen VIA Dublin. The knackers at pairc na sillogue jumped into the woods late at night and distributed the drugs in Bray town. Web sites about Albert smith can be found at Yahoo search and Google... Albert Smith MI6... Picture above Fat "FreDDie" Thompson.

Philip O Toole was dealt with a wound from a shotgun in 2011 in the car park of pairc na sillogue, he was later found a Dedman in Wicklow woods in 2013, nobody has ever been charged with his murder. O Tooles death was attributed to large amounts of Heroin allegedly buried in the woods behind Albert

Smiths cottage. Albert Smith was involved in anti terrorist operations involving alleged IRA members who used “old Bayford style caravns” parked in local lanes in the area owned by the family of the Careys. Internet sites claim that a local IRA member “Thacker” was involved in controlling the wooded area, a feud between the British agent Smith and Thacker was evident though not violent, but there was a deep dislike of Smith as a known British agent born in England. The IRA units from Bray and other areas were given orders not to harm Albert Smith, for whatever reasons, which isn’t unusual as Ireland itself has a protected tout on every corner. Smith according to internet sources worked for British intelligence placing stories into the Irish independent newspaper, he was exposed as a spy that regularly gave evidence to the Gardaí (God bless ya yer little bollox) and worked as a sub editor for the newspaper. The claims are that the British Intelligence service were involved in importing Heroin from U.K and then used the “little” fellas to store it and distribute the powder. This rings true as Kieran Boylan was involved in bringing in heroin from wales -nothing gets over Holyhead without the secret service involved!!!

It was always an understanding dump the Gear within a day of the hit – that was it later than that and your connections would come after you, that's because they were smart as fuck they knew that providing they got the goods within 48 hours of the drum they themselves would never be charged or arrested because it was part of what's known as the Black Market the buyers had connections and providing the stolen goods arrived within 48 hours of the theft they could handle ANY items, as they were covered because the stolen items weren't marked up properly on the PNC system. However on this particular day something went wrong a strange twist, I got into Clerkenwell and always used the bus network to get into the Ladbroke Grove area everything was going fine I was on the bus and the bus was heading into Kensington. I knew something was going on because about five police cars went flying past the bus at

Hyde park/Marble arch as I looked down the Bus isle I saw a road block I just knew the bus was going to be held up and I was right and I thought shit if this is a terrorist incident they probably get on the bus so I got smart I hit the Bell and got off at quick .I walked into Hyde Perk and the place was just filled with Old Bill they came from all directions all shapes and sizes I thought fuck they going to see the bag and im in the station. There was some sort of a sport in the Park he was watching all the cops with everyone else I walked up to him I was nervous as fuck with all this gear onboard I just knew it was a security operation and I knew it was me or the sport.I walked up to the plumb hole and stated on grounds of national security this bike would be needed pulled out my ticket wallet and said you can get your bike back by asking Sergeant Blackman I.C.F Intervention unit. at Paddington station and hed be ther at 3.00pm later today I said my name was whatever and that I was part of an undercover Police unit and just pulled the bike away from him.The stupid fucking sport held on but I told him to let go as it would be an obstruction and arrestable offence to prevent a police officer in there line of duty,I dont think he believed me or he was in two minds so I just pulled it back again the sport tried to grab my jacket so I pulled out a deyhoderant aerosol can covered in sticky tape out of my pocket and said one more move and I will spray you and arrest you it worked and I got away on the sports bike.....i cycled back towards Clerckenwell hit another train and decide not to sell anything that day leaving the bike dumped somewhere down on kings cross canal =-Brooklyn style.

It was a cold winters morning,trying not to leave any footprints on the grass at 5.00am in the morning bag of stolen gear a jacket.mobile phone and a nice piece of ice on my wrist,a watch looted from I cant remember where not to expensive didnt want too much attention but a neat little trophy never the less.The train station on the essex/hertfordshire border ran like clock work orange without fail never any marked cops and from time to time a few people waiting for a train,there was just one more barbed wire fence to cross I always remember it because you could push the wire down and get over the fence and then the wire would spring back up again,one of the best escape routes anyone could ever have with loads of bushes and scrubs around the fence where you could leave bits and pieces shall we say.The train never came early or late for some reason it was always there on time,I found out years later the drivers had some form of timing mechanism that slowed the train down automatically so you knew that providing your watch was right youd get clean away...and you know..it never failed one of the few things Britain was good for in the day.From the Essex/herts border to North London took about 20/30 minutes it was a sinch and for years never failed.I had this thing Id just pull out a book or some sort of training manual and make out I was a sport or an early morning commuter off to work.Dont get me wrong the train as it got to London was filled with them ,the IRA where still blowing the Fuck out of London and everywhere else and train spotting was a paid up exercise the secret was never to go down the line more than two or three stops and trust the North London mob to work the way they always did .Ticket inspectors where everywhere on the lines and they had more power than the old bill,they could check your name on the electoral register find out if you lived there and could arrest a person if they didnt have a ticket.The train station ticket machine was always being “Hammered” or ram rodded for cash so most of the time you saved yourself a tenner on the lines.On this particular morning I had to get the stolen loot down the lines past the trainspotters,Inspectors and the Met safely into Clerkenwell.Clerkenwell was always one of my patches I had connections there and I could get quickly into west London where I had a contact waiting with cash .It was always one of those things running loot if you got stopped and from time to time you got swooped on,you always had to have your story line right every fucking time its always there in the back of your mind,it was the difference between banged up all day and falsely charged or placed on bail and walking away without the haul,

saying that no copper ever allowed you to walk away with 5/10/20 grand worth of loot but if your story line matched theyd have to prove where it came from before they could charge so you just take the bail and laugh at them saying you were working for somebody who needed a quote for insurance you never said you were taking them somewhere on behalf of somebody or your where tryung to sell items you just gave the cops a story about im off to get them valued officer and youd always say it was a caravan owner or boat owner who you working for so when the old bill went back to check on the boat or caravan they had moved on

it worked because without knowing where the items where stolen from they couldnt charge and with nobody to question because the boat owner or caravan had disappeared they couldnt hold you so you nearly always got bail the police would confiscate the items and give you bail it depended sometimes they could charge you but then youd get off by saying you werent selling them just getting them valued and the judge couldnt prove involvement and you get compenstation for false impronment and besides real proffessionals used to bear bait the cops by acting suspicious getting themselves held actually carrying items worth 10 of thousands of grands that werent stolen knowing the police would just grab the loot then get falsley charged banged up and then get a wapping big out of court settlement for false imprisonment real Italiano stuff.The secret so to speak was to get rid of the items faster than a bullet rather than sit on and catch the drift,In getting rid of stolen items the next day the Police computer system wouldnt have the details of the stolen items as the thefts took place in the shires and then dumped in the Met areas.You only learnt these things by being part of the mafia yeah you could talk to people and find things out and you could even have a bent solicitor however basically you had to be a part of fencing to be a pro and not do any time.Fencing goods was an

area that was part of espionage,like James Fucking Bond,there where rules you followed them you either loose the booty or get paid off once the items where sold it was no longer your problem,you also knew the cops where grabbers however there was rules within grabbing because if you got grabbed with legal items it just gave you a license to get in even deeper with the cops ,i met these guys years ago they where out of this worl on par with New York Gangs no joke they would purposeley park there cars on yellow lines knowing the cops would give them tickets and take their cars away and then spend all day with the solicitors in the police station singing like skittle birds it had nothing to do with parking tickets and towing cars away the Italian greeser would just walk in mob handed and started grassing everyone up and then using the cops as witnesses they where the elite they go in about a car and name like twenty local drug dealers by naming them infornt of the cops in the station desk the cops became witnesses but to do this they would have to get their cops taken away forsy in order to bring their solicitors into the police station then the solicitors would serve them wriiiten documents you know this and you know that I was held in an afternoon session over a couple of items I knew I wasnt goin down and I wasnt held it was just pitter patter at the desk I was off but had to sign a few document so the items could be disposed of without charges and there was this guy there an italian he just sung like a little bird.

More rantings from one of the oldest Conspiracy theory sites "Dark Politricks" very interesting and disturbing news for Dáil Éireann

More onAndrew Dedman (Economic Crime Unit/MI5)

Hi this is my first input on Dark Politricks grew up near Wolverhampton. also lived in London and Cambridgeshire ,I had a job with the British Government for my sins(cant say exactly what but it makes no odds) got kicked out and then became a Professional criminal,then writer,Im not giving my name away for free however I will leave you a few clues you can find my person in well known crime books...anyway Ive used a few contacts and researched on Andrew Dedman as mentioned upon this site there is a file but I cant get access to it directly and it came from those Wikileaks chaps as follows Andrew Dedman :

School of Electrical and mechanical Engineers,Royal Engineers (Intelligence unit team leader)
Economic Crime Department (Espionage/Political) City of london police.

Theres an article below included on what Economic crime is for those who dont know – in plain English Economic crime can involve MI5 contracts and work.Economic Crime Units tend to investigate or have Departments within them that specialize in political crime and also prosecutng on behalf of the state.No normal police officer ever gets into the Economic Crime unit at the City of london therefore without a doubt what with Andrew Dedmans background hes a ringer for being recruited into MI5.

Albert Smith in The Irish Independent, Dublin, September 2, 1989. “THIS IS the best-researched biography and best biography in English of ‘the second man in the Third Reich.’ ... Göring somehow obtained poison — Irving has done good detective work here — ...

<https://www.timesofisrael.com/british-holocaust-denier-david-irving-to-lead-nazi-death-camp-tour/>

<https://www.theguardian.com/world/2006/feb/20/austria.thefarright>

Allegations found on internet sites in April this year 2020, make it clear that former Irish Independent Newspaper sub editor Albert Smith misused his position of power politically to his own ends by celebrating, endorsing and approving the public sale of literature produced by self confessed convicted fascist David Irving. It was uncovered by Russian Yandex hackers that it was Smiths own personal decision and plan of action, none other, acting as a sub editor of the Irish Independent newspaper, to oversee the publication of an article produced and written personally by himself that would promote the sale of Irwings published fascistic books collectively by describing them as a scholarship.

After the Guardian Newspaper announced David Irwings jail conviction in for production of anti semitic literature it was expected that the NUJ under its own rulings and regulations would automatically turn there own immediate attentions to any Newspapers or journalists that had in the past prior to Irwings conviction blatently collaberated with Irving themselves in producing anti semitic publications for Newspapers. European laws thankfully prohibit actual production of any form of anti semitic articles in Newspapers for public sale, however despite the recent discovery by Russian Yandex hackers of the obvious illegal activity of the Irish Independent Newspaper the National union of journalists the (NUJ) have been found guilty of failing to take legal actions against known journalists

within their organization that have seemingly committed anti semitic criminal offenses in the past when there is more than enough evidence to start summary proceedings against them.

The NUJ as an acting body does not identify the historically published anti semitic incident produced by the Irish Independent even though evidence of the newspaper article is still in existence and online today. At the time of Irwings convictions there where no NUJ investigations. Yandex sources indicate Albert Smith is at present 2020 payed a regular weekly income from the Irish Independent Newspaper which is a completely disgraceful situation.

Hi Everyone especially Dark Politricks big Chiefs!,,well you know...for those interested - in law itself there is what is known as "Coincidence Evidence"?

"Coincidence evidence" is evidence which uses the improbability of two or more events occurring coincidentally to prove that:

A person performed a particular act; or
A person had a particular state of mind (Evidence Act 2008 s98).

Ok ?! this form of evidence apparently can be applied to journalism and wait for this BLOGGING!!!!!!!!!!

The sites below names Parpoint publishing appearing in Gorings Biography published by Parforce..now before you start getting weird on this check these sites out below Exclusive of course to Dark Politricks:

- 1.<https://www.nairaland.com/oz383/posts>
- 2.

Ah yes about 2. go missing

What this basically breaks down to is the New World.Ireland live under an order proof- they dont speak their own language Gaelic

Dennis O Brien owns the Irish Independent newspaper and its their article submitted by former editor Albert Smith trading as Parpoint that appears inside of the Book Gorings Biography,this book got the Publisher convicted in court if being antisemitic.

It is illegal in federal states for newspapers to write antisemitic material or promote antisemitic publications however in Ireland...well I dont know but it wouldnt happen in the UK!! for sure what with Boris Johnston as prime minister

In Summary Dennis O Briens newspaper the Irish Independent is guilty of being antisemitic,yet nobody in Ireland is prepared to prevent the Irish Independent from appearing in the downloadable version of David Irvings Goring Biography.The book Gorings Biography was used as evidence to convict David Irving here;

Dennis O brien is the richest man in Ireland and heres proof of the existence of the New World order:

<https://www.irishtimes.com/news/politics/clinton-book-publisher-corrects-references-to-denis-obrien-1.2215424>

The book Clinton cash explains how people like OBrien where used in attempt to buy Hilary into power,the evidence itself is that O Brien apparently has no suitable legal instrument to remove his newspaper article from the book Gorings Biography.

In summary the Sinn Fein Tds mentioned to the right of this column on Dark Politricks and the rest of the Irish Government all remain silent whilst Albert Smith still gets paid a weekly wage by the Irish Independent for his dirty deeds. Dennis O'Brien the owner of the Irish Independent is judged also as an antisemitic power monger as he can't be bothered paying for an injunction to prevent the convicted nazi author of Gorong's Biography from publishing the Irish Independents endorsement found in the book.

Dr Moayyad Al Kamali AKA the "Tripoli Bad Grass" is known to the Russian federation as a Government employee (agent) vetted by both the FBI and CIA (who politically endorse the torture and killing of Palestinians), before he worked within US territories. Allegations made against this Doctor include espionage, torture, money laundry, sexual abuse, false imprisonment, kidnapping, extortion and connections to drug cartels. The Government (Biden's only friends) refused to comment on why one of their agents was found holding down three jobs at the same time!! one as the President of St Andrews College Alumni Association in Dublin, another as the Dead Doctor in a hospital and finally found double parked next to Mr Putin's London Embassy, with over 20 Million Gross hidden in various bank accounts around the world!! Hotels are somewhat synalominous places and Emmigrating radio signals are unfortunately for Doctor Kamali in his absence hour an excepted form of evidence in court trials.

Prince Andrew's reputation is "in tatters" and he could face a criminal investigation in the US if proceedings in the civil litigation brought by Virginia Giuffre go against him, a legal expert has told i.

Ms Guiffre accused the Duke of York of sexually assaulting her when she was 17. She is now seeking damages in a civil case brought through a New York court. The Duke has denied the allegations, and on Monday his lawyer Andrew Brettler challenged whether the case could be brought, claiming the royal had not properly been "served", which Ms Guiffre's team rejected.

Nick Goldstone, head of dispute resolution at international law firm Ince, said that if Prince Andrew fully engages in the current civil proceedings, accepts that he has been served properly, the court has jurisdiction and a jury finds he is liable, he could be ordered to pay Ms Guiffre damages in excess of millions of dollars.

"The world is your oyster, I suppose, with American juries. They're not normally mean when they come to awarding damages in high profile cases, so it could be millions of dollars if the claimant wins and Prince Andrew has not performed well in the witness box," Mr Goldstone said.

In the event that he is ordered to pay substantial damages, a ruling against Prince Andrew could see him become a person of interest in a US criminal investigation linked to the accusations, he added.

"As a springboard to that outcome, for the criminal investigation to take greater interest into his alleged activity and to pursue him for the alleged crimes – that's the worst possible outcome and for him, then to be prosecuted for his alleged crimes," Mr Goldstone said.

However, he said that as Ms Giuffre's claim is being brought under New York Child Victims Act (CVA), there is no legal basis for the court's findings to be upheld in England.

"From international enforcement perspectives, there's no reciprocal or similar piece of legislation to the CVA in England and Wales and as a matter of public policy, there's a distinct prospect that the English courts won't recognise a default judgment entered against the defendant under the CVA where the defendant has not surrendered to the jurisdiction of the New York court," Mr Goldstone said.

But in the event of a criminal case in the US involving Prince Andrew, there is a potential for those proceedings to be recognised in English courts, he added.

"In a criminal context, he could be subject to being summoned by the criminal authorities. In the civil context, he cannot be subpoenaed or extradited, but in a criminal context he might be. I say might be because, of course, he is a member of the royal family and the British establishment might close ranks."

He added: "I would have thought there is a danger for Prince Andrew if criminal proceedings are pursued that he might be subject to an extradition warrant or request from the US prosecution authorities."

Regardless of the outcome of the civil case, Prince Andrew's reputation is "in tatters" and the accusations have left him fighting for his public life, Mr Goldstone said.

Over the years 911 has become a cunning stunt a theatrical affair certainly written that way, or so some would have you believe, but back in their day so to speak there was no mass android devices to watch 911 on...or when it was first "etched". 911 marks a turnaround a burst of energy a release to be precise a Destructive Distraction.

We have to come to terms about who really created the man himself, a clever jew!! WE know this much that certain Arabs at that time were part of the Grand Mec part of the fighting wing of the CIA whom themselves have no interest in right or wrong just containment and that is exactly what your cheap Android Gizmo is all about it contains with its circuits as powerful as those found within former Apollo Rockets. It's the people around the time of the "Big Bang" theory that were waiting and watching for the "mass android" that used the cannon fodder as their eyes and ears that were behind hit all.

Redistribution of Oil, drugs and Government money that's where it's at... read the book Terror Inc VERY CAREFULLY (or die imperviously!!) and you will find the FOUNDATION stones and real culprits behind 911 and of course the blueprint left behind. Often in history they use violence and courts and police activity to prevent the unfolding of forbidden knowledge and should you wish to remain blind to such activity and others like JFK, Iraq war then perhaps you might consider adding the 5 million dollars worth of bitcoins to the "Bill" that was destroyed in Ireland by British Government agents working for CIA coordinator Dennis O'Brien which eventually brought down the entire Enda Kenny regime to the list of Failed CIA Operations. 5,000,000 Dollars in Bitcoins ILLEGALLY confiscated and destroyed by Government Agents.
WIKILEAKS/WIKIFREAKS.

Wikileaks and Julian are connected to the "Wiki" syndicate of servers,there are many "Wiki" based sites with different "Wiki" names that are part of a family tree ,Assange is himself also more than aware of the Wikifreaks ** Bing and Google ** entry sites.

Today wikifreaks have many undercover members, anyone can write and call them selves a freak of "Wiki" although their are obvious political rules!.Wikifreakz are left and oppose and fight racism,antisemitism and capatilist ideology,although realists that accept money is still needed in modern day life to survive todays "Freaks" are cautious and are found within Arts,writing,music and of course computer publishing (an area the state and far right are affraid of!!).

Its upon the subject of free speech and publishing not to be confused with the Americans tainted expressionism that we focus upon,more to the point how far the far right will go to put ;Wikifolk" out of business as Mr Assange himself will undoubtedly agree with.Julian isnt of course the only "Wiki" martyr and it is here by clearly stated as evidence that an undercover British Governmen agent working with the police used violence and firearms to Confiscate/destroyed over (130 Bitcoins coins) 5 million dollars worth on a hard drive to be precise.It happened some time ago and the incident is linked to Bill Clintons top man(Dennis O Brien richest person in Ireland),Clinton of course having connections with the CIA through the Clinton foundation of which O Brien is a trusted member who has on previous occasions personally paid Clinton many hundreds of thousands of dollars as gifts, and as we know

Craig Murray accepted Hilary Clintons emails from a source that stated they had a dislike of the Clinton foundation.

Evidence of the funding of the Bitcoin transaction found here.....and its the real thing be assured!! in family law you dont need to prove anything once you have the bank and police records... and its not going away either until the debt is paid in full by the Americanized/Irish Government.

“Freaking out” on Julian Assange a GREAT sport and formeire world visionary.

5.11.2021

London UK British Court report

Suffice to say from the offset there is apparently a view that the American economy like a dark star will eventually implode.Hypothesis abound,there is a timescale involving Russian gas, Hypersonic missiles and Chinese workers production that are key factors of decentralization of capital so they claim.The problem with the dollar is that it has become contraband in other words its easier to produce fake money than nuclear space engines at present, and the poorest countries in the world as we know dont care about what vehicles deliver on the moon or anywhere else for that antimatter or why the official fakes go through the Arab banking machines, so what you may ask has this got to do with the GREAT

smell of “Vivian massage” one CIA.

The CIA arent about right or wrong good or bad or even legal matters they are simply about CONTAINMENT in many ways and if you mess,well,you get vissions of Julian Assange broadcasted

on every federal chanell all day long and they want it switched back off pronto!. Whilst our darling J hasnt just dabbled he has set out procedures and become in the process a working example on how to redirect and misuse CIA property live on TV ,a shrewd guy to say the least and to be honest hes making multi millions in royalties for a 1001 publishers in “Air time” and thats what weighs in real heavy.

Nobodys interested these days on exact or official numbers of AK 47s held by “hostile” organizations 15/20 years ago, In reality,one hypersonic warhead today can obliterate a small uprising in nano seconds,simple asJulian Assange case of Brandy Dandy is a mere fleas dropping, an entity hanging around the Americas back door for a few more slurps whilst in the eyes of the CIA the curry and cement stains are visible all over Julians pretty Duffle coat nobody toepokes “Gatman” the Great, former,informer and getz away with “hIT” ***** have you believe the destructions behold of A NEW PRESIDENCY.

Being a clever programmer parasitically Julian knew what he was playing about with when he cracked vaults,remember the last American election when we saw thousands of people telling US live ABC,CNN,FOX and the arrest its going to be a Trump victory? ,where are they know voicing about Americas alleged biggest Espionage cases outcome?? complete fatal silence,nothing ,zuilrch. It was Julians chums according to the CIA that officially scuttled their dearest Hillary, no joke! Yet nobody dares to say what will happen over the next coming weeks in court, no inside lines surely not! if your dealing with the CIA from the start yeah you can disappear through a prison toilet J to make it look good,but really folks in this “Hanger” oh no you dont!, risk prison food for your life? pah nay to bother and One two many question marks.

Julian did rather well financial from Wikileaks and thats his shortfall and the stumbling block perhaps of the previous Judges in this case, the private sale of diaries etc etc,making money from espionage,not to sure. when your in the dock for this believe unless you got the right kinda license smoking dollars out of CIA copyright that not even the Jeff Bozodoodar bandwagon would try ,its a one way ticket, and lets face it J boys paperwork has either been destroyed,blocked and/or expired....thats why certain organizations behind closed doors are predicting a confident 5- 10 minimum year stretch which is what an average UK Burglar gets for “drumming” far right illuminated crumpets on mass and so Julian....remember the likes of US “sneaking” around python codeing for the rest of your dream....one line can change a destiny especially if its filled with rat poison and thats a fact!!!! next time you could

(Hissa like a big one you know?!)

Wikileaks and Julian are connected to the “Wiki” syndicate of servers,there are many “Wiki” based sites with different “Wiki” names that are part of a family tree ,Assange is himself also more than aware of the Wikifreaks ** Bing and Google ** entry sites.

Today wikifreaks have many undercover members, anyone can write and call them selves a freak of “Wiki” although their are obvious political rules!.Wikifreakz are left and oppose and fight racism,antisemitism and capatilist ideology,although realists that accept money is still needed in modern day life to survive todays “Freaks” are cautious and are found within Arts,writing,music and of course computer publishing (an area the state and far right are affraid of!!).

Its upon the subject of free speech and publishing not to be confused with the Americans tainted expressionism that we focus upon,more to the point how far the far right will go to put ;Wikifolk” out of business as Mr Assange himself will undoubtedly agree with.Julian isnt of course the only “Wiki” martyr and it is here by clearly stated as evidence that an undercover British Governmen agent working with the police used violence and firearms to Confiscate/destroyed over (130 Bitcoins coins) 5 million dollars worth on a hard drive to be precise.It happened some time ago and the incident is linked to Bill Clintons top man(Dennis O Brien richest person in Ireland),Clinton of course having connections with the CIA through the Clinton foundation of which O Brien is a trusted member who has on previous occasions personally paid Clinton many hundreds of thousands of dollars as gifts, and as we know Craig Murray accepted Hilary Clintons emails from a source that stated they had a dislike of the Clinton foundation.

Evidence of the funding of the Bitcoin transaction found here.....and its the real thing be assured!! in family law you dont need to prove anything once you have the bank and police records... and its not going away either until the debt is paid in full by the Americanized/Irish Government.

MI6 sting operation against the Irish Statutory Body GSOC – The Resignation of Chairman Simon O
Brien a former British Police Officer.

Heres the site below its prohibited find out for yourselves by tapping link below.

<https://issuu.com/kieranconway>.

weve stripped out the contents of the site and pasted it onto this page its the pdf file below entitled
Andrew Dedman MI5 just click onto the wording Andrew Dedman MI5.

ANDREW DEDMAN MI5

Paste Andrew Dedman MI5 at Yahoo or Google search engines for more info on this fascist creep, according to dark web sources he basically tampered with British Government computer systems and then exported the data to Ireland where far right wing "patsys" made good with the stolen and "faked" info to pay for their cars and houses.

Reliable net sources explain that Andrew Dedman was a former British Army officer who was assigned to work in the police for a time in specialist work but later on in his career left the police in mysterious circumstances, that till this day have never been truly explained. We know from wiki-obtained police data whilst in the British army Dedman worked in south America, and was allegedly involved in espionage work involving operations against South American communists, he was assigned the warrant number 1001 whilst in the police and the last known location for Dedman as a police officer was in an intelligence gathering unit in the City of London, International net sources found Dedman working in Turkey shortly after leaving the police by the Israel Intelligence service. Turkey as everybody knows is the gateway for heroin into Britain and Ireland. Below url is an introduction to Andrew Dedman, remove the wording from the site as jpgs add to your desktop and use magnifier application to read properly.

<https://mi5reference3028.wordpress.com/blog/>

Dublin solicitor and recognised political Author, Kieran Conway (featured above photo) was involved in a District court case in Bray town County, Wicklow, Ireland in we believe 2015, it was a political court case where right wing Journalist Albert Smith lied to convict a left wing socialist writer/net sign poster. The socialist was apparently held on British Intelligence files even before he came to Ireland to live, and had previous dealings with Dedman in the past in the UK, it is Dedman who is thought to have generated the files about the socialist that were leaked illegally to Irish sources but not officially given to the Gardaí.

During the court case in 2015 the Gardaí presented mere here say as evidence in the form of a speech read out in court by Albert Smith, where Smith himself attended a court hearing and talked about matters such as the CIA and threats made against him with weapons. Smith's speech convicted the socialist on weapons charges and the socialist was sent to prison. Albert Smith is a known and published far right wing fascist (his previous newspaper articles and promotional work as a sub-editor of the Irish independent newspaper on convicted fascist and author David Irving proves this).

Articles of interest have in the past appeared on the net providing valuable evidence that explains the socialist stated in emails to an unnamed source at the time that Smith purposely lied in court by seemingly using a prepared and premeditated false speech, and that the judge accepted in court hear say evidence contained within Smith's own concocted political lies. According to a blog spot web site on the dark web internet discussion came to the conclusion, that by accepting the mere word of Journalist Albert Smith a known far right wing liar in court without any actual witness or any evidence the judge falsely imprisoned the socialist not for an alleged weapons offence that the socialist stated he never committed anyway, but as the blog writers suggested for being found guilty by the far right of being a socialist that exposed a ring of spys operating in Ireland under orders of the British Government. This known espionage activity was exposed through socialist political write ups that the public otherwise would never have read about and was leaked out in the left wing British political press.

In short the socialist investigated what is now termed as “Gardagate” and in the process exposed a cover up by Albert Smith's newspaper the Irish Independent of Simon O'Brien being a former British police officer as chairman of GSOC and his alleged involvement of being part of an alleged MI6 sting operation to “grab” Irish state intelligence held by GSOC. Like Dedman the socialist has always maintained that it was possible the British Government transferred O'Brien to Ireland.

The court case is databased and more information can be found about Albert Smith as an alleged MI6 dogbody on the net type Albert Smith MI6 below site is evidence that the journalist worked as a sub editor on the Irish Independent see site below:

<https://www.theguardian.com/world/2006/feb/20/austria.thefarright>

<http://www.irishtimes.com/business/media-and-marketing/people-put-their-lives-on-the-line-for-the-indo-and-this-is-what-they-get-1.2891166>

Various internet allegations can be found that indicate that Albert Smith worked on Andrew Dedman's generated data bases over a period of many years and that some of the data based files (The Dedman Files) were allegedly transferred secretly by Dedman himself to amongst other the Store street Garda station (against human rights treaties) as these files were held secretly in Ireland by “black” cops.

One article indicates the area where Smith lives (Shop river County Wicklow) was data based by Dedman back in 2002 and that Dedman's own pirated and stolen supplied data (block data, many thousands of types of files passed between bent cops without authorisation) was used by the “patsys” in the Dublin/Wicklow area where Smith lives to help pay the bills. The Gardaí themselves were quite happy to allow the local “patsys” to spy on person suspected of travelling in and around the Dublin Mountains on their behalf and spy is the right usage of word hear, the “patsys” were rewarded for their loyalty in pieces of land, discounts, wavers etc obtaining state housing and buildings at cheap rates of purchase, false IDs, credit crunching etc etc.

Left wingers, taxexiles, criminals, suspected IRA members etc who have over the years either fled the UK to live in Ireland for political reasons or set themselves up in business in Ireland where all targeted and followed on behalf of the British and American Intelligence service by “patsys” and bent cops and criminals.

Both the socialist and Journalist Albert Smith were born in the U.K and so the chances of both these individuals who were technically British, being involved in an alleged false weapons incident together in a remote part of the Republic of Ireland on the top of a mountain isn't a very likely prospect, especially as the alleged incident happened on farmers private property where the socialist had permission to travel from the local farmers (not roads or footpaths).

The unnamed socialist always maintained he was never involved in any weapons incident or that he was even present in the area when such an alleged incident occurred. Apparently in other articles found online the socialist claimed he swore in affidavits in court stating he was not present at the alleged incident. It is therefore logical to presume that circumstantially from an espionage angle there is enough online evidence and information to explain an invented incident/counter espionage tactic was used to illegally convict and punish the socialist writer for producing evidence that exposed amongst other Simon O'Brien chairman of GSOC as a potential MI6 operative and a former British police officer in the left wing press, this apparent inventory of Albert Smith should by now be setting off political firealarms amongst the International left wing.

The publications of the socialist are still found on the internet and these articles indicate very clearly that even before Smith's allegations were made through the complaint process an article written by the Socialist exposed Simon O'Brien the chairman of GSOC in the British left wing press as a former British police officer, whilst on the other hand Smith's newspaper at the same time the socialist articles were published on Simon O'Brien being a former police officer, ran a cover up and didn't publish or indicate Simon O'Brien was a former British police officer.

The Irish Independent news paper that Albert Smith worked for didn't print this evidence until much later on after Simon O'Brien resigned from his job after different allegations were put to Simon O'Brien,

So ask yourselves as the readers of this article do you really believe that this socialist writer who exposed a cover up in Smith's own newspaper the Irish Independent just happens all of a sudden to appear before Smith on top of a mountain after exposing his paper running cover ups and then for no apparent reason threatens Smith with a weapon, when the socialist doesn't even know this chap? it sounds oh so bizarre and mathematically inconceivable. The court affidavits even state the socialist wasn't even in the area when the incident took place and he doesn't know Smith as a person or even has held a conversation with the man in his entire life.

<http://www.irishtimes.com/news/crime-and-law/simon-o-brien-to-quit-as-chair-of-gsoc-to-take-up-role-in-uk-1.2057839>

Simon O'Brien later left his job as chairman of GSOC after internal allegations that he was an MI6 operative used to export GSOC files back to MI5 on mass after espionage activity was suspected at GSOC headquarters. It was the socialists published articles that exposed MI5 knowledge of the IPCC and Simon O'Brien obtaining a military based security contract for Verimus security to work in screening Irish Government buildings, in a left wing political party news column that really set the rat amongst the greys.

One of the many articles produced by the socialist explained that the security company sent to Ireland by the IPCC (Verimus) was an MI5 connected company who uses staff from the same British Army regiment that killed Jean De-Menezes, whose death ironically was investigated by the IPCC themselves. The IPCC, MI5 and Simon O'Brien collectively obtained the military contract together that got Verimus the work to look for bugs in Simon O'Brien's Irish offices where he was chairman of GSOC all a bit to covey?

It was leaked out in the Irish Independent that MI6 were involved in looking for bugs in O'Brien's office however the Independent only talked in half truths and when it came to the delivery it failed, it failed to name at the same time that Verimus scanning equipment being used in Simon O'Brien's office was being used to protect a former British police officer. If it wasn't for the press leaks in other papers and other sources the public would never have known that Verimus were operating in Ireland on behalf of MI6 and their operatives, the leak outs gave the security services in UK and America the power to confiscate internally all the GSOC records that MI5 now have because essentially their own operatives were under threat, all though Simon O'Brien always stated he never felt threatened, but he wouldn't be, so essentially without the press leak outs no confiscation of records by the Americans and British would have been obtainable. The files stolen or sequestered due to security breaches about Gerry Adams Sinn Fein leader having secret meetings with drug convicted dealer Kieran Boylean would never have been officially found by MI6 and MI5, allegations that Gerry Adams secret meetings have

been going on for years is no news however this article is evidence that its a club where the spoils get divided and if you expose espionage publically you can pay a heavy price when publically you force secret agendas into the press.

<http://news.bbc.co.uk/1/hi/uk/4175688.stm>

<https://www.ipcc.gov.uk/news/jean-charles-de-menezes-statement>

Evidence that Verimus security are part of MI5 and have worked alongside them for example the Olympic games contract.

<http://www.verimus-red.com/ourteam.html>

the socialist was followed from Ireland to Europe where he was involved in publishing Smith was part of an ongoing operation into Drugs/terrorism see article here;

<https://gerryhutchblog.wordpress.com/>

Albert Smith didn't care about who he spied upon and the Gardai themselves where always placing and mistaking people in different areas.Smith was stationed according to one internet web site and chosen by MI6 and the British Military to "plant" stories in the independent news paper he wrote an article about convicted fascist David Irving,Irwing got 3 years for the books he published that were anti semitic also Smith appear on irwings home site promoting irwings banned books incidently no normal journalist would have consented to promote a fascist like Irving and as Kieran Conways book names fascists it has to be published here that Conways past comments on fascists have been published :

<https://www.goodreads.com/book/show/24305635-southside-provisional>

Kieran Conway went up against Garda Patton and sergeant Heraughty of Enniskerry Garda station when he represented the socialist in Bray court.Another Garda involved in these areas was Garda Cullen formely Stepside now Dundrum Garda Station,he should have blown the whistle on Heraughty and Patton a pair of right wing state protected spies that work for the American and British Intelligence service.The Garda station at Enniskerry has American police force uniform patches in the window the entire Enniskerry village is a MI6/CIA state protected right wing fascist safe haven,you cant publish sites on an Enniskerry Google entry, the powers that be remove any site placed on Google that lands on Enniskerry,try it for yourselves, and yes they follow your signalex back to where you live so do it somewhere else! If you type Enniskerry Nazi at Google prompt you find a worrying amount of right wing neo fascist sites all connected to this tiny little village in the countryside of Ireland.

“Freaking out” on Julian Assange a GREAT sport and formeire world visionary.

London UK British Court report

Suffice to say from the offset there is apparently a view that the American economy like a dark star will eventually implode. Hypothesis abound, there is a timescale involving Russian gas, Hypersonic missiles and Chinese workers production that are key factors of decentralization of capital so they claim. The problem with the dollar is that it has become contraband in other words its easier to produce fake money than nuclear space engines at present, and the poorest countries in the world as we know dont care about what vehicles deliver on the moon or anywhere else for that antimatter or why the official fakes go through the Arab banking machines, so what you may ask has this got to do with the GREAT smell of “Vivian massage” one CIA. The CIA arent about right or wrong good or bad or even legal matters they are simply about CONTAINMENT in many ways and if you mess, well, you get vissions of Julian Assange broadcasted on every federal chanell all day long and they want it switched back off pronto!. Whilst our darling J hasnt just dabbled he has set out procedures and become in the process a working example on how to redirect and misuse CIA property live on TV , a shrewd guy to say the least and to be honest hes making multi millions in royalties for a 1001 publishers in “Air time” and thats what weighs in real heavy.

2. Nobodys interested these days on exact or official numbers of AK 47s held by “hostile” organizations 15/20 years ago, In reality, one hypersonic warhead today can obliterate a small uprising in nano seconds, simple as Julian Assange case of Brandy Dandy is a mere fleas dropping, an entity hanging around the Americas back door for a few more slurps whilst in the eyes of the CIA the curry and cement stains are visible all over Julians pretty Duffle coat nobody toepokes “Gatman” the Great, former, informer and getz away with “hIT” ***** have you believe the destructions behold of A NEW PRESIDENCY.

3. Being a clever programmer parasitically Julian knew what he was playing about with when he cracked vaults, remember the last American election when we saw thousands of people telling US live ABC, CNN, FOX and the arrest its going to be a Trump victory? , where are they know voicing about Americas alleged biggest Espionage cases outcome?? complete fatal silence, nothing , zuilrch. It was Julians chums according to the CIA that officially scuttled their dearest Hillary, no joke! Yet nobody

dares to say what will happen over the next coming weeks in court, no inside liessurely not! if your dealing with the CIA from the start yeah you can disappear through a prison toilet J to make it look good,but really folks in this “Hanger” oh no you dont!, risk prison food for your life? pah nay to bother and One two many question marks.

Julian did rather well financial from Wikileaks and thats his shortfall and the stumbling block perhaps of the previous Judges in this case, the private sale of diaries etc etc,making money from espionage,not to sure. when your in the dock for this believe unless you got the right kinda license smoking dollars out of CIA copyright that not even the Jeff Bozodoodar bandwagon would try ,its a one way ticket, and lets face it J boys paperwork has either been destroyed,blocked and/or expired....thats why certain organizations behind closed doors are predicting a confident 5- 10 minimum year stretch which is what an average UK Burglar gets for “drumming” far right illuminated crumpets on mass and so Julian....remember the likes of US “sneaking” around python codeing for the rest of your dream....one line can change a destiny especially if its filled with rat poison and thats a fact!!!! next time you could

Albert Makashov, Communist Deputy in the Duma since 1995, had this to say about the Jews:

“I will round up all the Yids and send them to the next world!”

WAGNER SECURITY FOUND HERE :

Wagner Group: The Kremlin's proxy army:

1.As a private military company, an opaque amalgamation of shadowy firms and contractors, Wagner has no official links to the Kremlin. But its ties to Yevgeniy Prigozhin, a close associate of Vladimir Putin and former restaurateur.

2.Wagner independently concludes contracts for its activities. But before concluding a contract, it coordinates within the structures of the Russian . Government most likely the defence ministry.”

Dmitry Utkin is the founder of the infamous Wagner mercenary group,Utkin is the veteran of both Chechen wars and has participated in the Russian operations in Ukraine in 2014. He served in the GRU until 2013, after which he commanded a Spetsnaz unit, earning the rank of a lieutenant colonel. In 2013 he joined the Moran Security Group and in 2014 he established the Wagner Group, named after his nom de guerre his old callsign “Wagner.”A photo recently surfaced of Utkin with Nazi tattoos, giving additional proof of his ideological leanings.

5,000,000 Dollars in Bitcoins ILLEGALLY confiscated and destroyed by Government Agents.
WIKILEAKS/WIKIFREAKS.

Wikileaks and Julian are connected to the “Wiki” syndicate of servers,there are many “Wiki” based sites with different “Wiki” names that are part of a family tree ,Assange is himself also more than aware of the Wikifreaks ** Bing and Google ** entry sites.

Today wikifreaks have many undercover members, anyone can write and call them selves a freak of “Wiki” although their are obvious political rules!.Wikifreakz are left and oppose and fight racism,antisemitism and capatilist ideology,although realists that accept money is still needed in modern day life to survive todays “Freaks” are cautious and are found within Arts,writing,music and of course computer publishing (an area the state and far right are affraid of!!).

Its upon the subject of free speech and publishing not to be confused with the Americans tainted expressionism that we focus upon,more to the point how far the far right will go to put ;Wikifolk” out of business as Mr Assange himself will undoubtedly agree with.Julian isnt of course the only “Wiki” martyr and it is here by clearly stated as evidence that an undercover British Governmen agent working with the police used violence and firearms to Confiscate/destroyed over (130 Bitcoins coins) 5 million dollars worth on a hard drive to be precise.It happened some time ago and the incident is linked to Bill Clintons top man(Dennis O Brien richest person in Ireland),Clinton of course having connections with

the CIA through the Clinton foundation of which O'Brien is a trusted member who has on previous occasions personally paid Clinton many hundreds of thousands of dollars as gifts, and as we know Craig Murray accepted Hilary Clinton's emails from a source that stated they had a dislike of the Clinton foundation.

Evidence of the funding of the Bitcoin transaction found here....and its the real thing be assured!! in family law you dont need to prove anything once you have the bank and police records... and its not going away either until the debt is paid in full by the Americanized/Irish Government.

Very interesting articles,Biden regards Julian Assange as a Tek Terrorist, for the record no terrorist has yet had charges removed on medical grounds,without getting 2 deep state here this implies the first magistrate judge "protected" a terrorist which completely makes a sham of the British Government rulings on placing terrorists into British prisons on remand status,there may well be a case for mistreatment,however releasing terrorists on medical grounds has never been done before...this is a really complicated issue!

"Freaking out" on Julian Assange a GREAT sport and formeire world visionary.

London UK British Court report

Suffice to say from the offset there is apparently a view that the American economy like a dark star will eventually implode.Hypothesis abound,there is a timescale involving Russian gas, Hypersonic missiles and Chinese workers production that are key factors of decentralization of capital so they claim.The problem with the dollar is that it has become contraband in other words its easier to produce fake money than nuclear space engines at present, and the poorest countries in the world as we know dont care about what vehicles deliver on the moon or anywhere else for that antimatter or why the official fakes go through the Arab banking machines, so what you may ask has this got to do with the GREAT smell of "Vivian massage" one CIA. The CIA arent about right or wrong good or bad or even legal matters they are simply about CONTAINMENT in many ways and if you mess,well,you get vissions of Julian Assange broadcasted on every federal chanell all day long and they want it switched back off pronto!. Whilst our darling J hasnt just dabbled he has set out procedures and become in the process a working example on how to redirect and misuse CIA property live on TV ,a shrewd guy to say the least and to be honest hes making multi millions in royalties for a 1001 publishers in "Air time" and thats what weighs in real heavy.

2. Nobodys interested these days on exact or official numbers of AK 47s held by "hostile"

organizations 15/20 years ago, In reality,one hypersonic warhead today can obliterate a small uprising in nano seconds,simple asJulian Assange case of Brandy Dandy is a mere fleas dropping, an entity hanging around the Americas back door for a few more slurps whilst in the eyes of the CIA the curry and cement stains are visible all over Julians pretty Duffle coat nobody toepokes “Gatman” the Great, former,informer and getz away with “hIT” ***** have you believe the destructions behold of A NEW PRESIDENCY.

3. Being a clever programmer parasitically Julian knew what he was playing about with when he cracked vaults,remember the last American election when we saw thousands of people telling US live ABC,CNN,FOX and the arrest its going to be a Trump victory? ,where are they know voicing about Americas alleged biggest Espionage cases outcome?? complete fatal silence,nothing ,zuilrch. It was Julians chums according to the CIA that officially scuttled their dearest Hillary, no joke! Yet nobody dares to say what will happen over the next coming weeks in court, no inside linessurely not! if your dealing with the CIA from the start yeah you can disappear through a prison toilet J to make it look good,but really folks in this “Hanger” oh no you dont!, risk prison food for your life? pah nay to bother and One two many question marks.

Julian did rather well financial from Wikileaks and thats his shortfall and the stumbling block perhaps of the previous Judges in this case, the private sale of diaries etc etc,making money from espionage,not to sure. when your in the dock for this believe unless you got the right kinda license smoking dollars out of CIA copyright that not even the Jeff Bozodoodar bandwagon would try ,its a one way ticket, and lets face it J boys paperwork has either been destroyed,blocked and/or expired....thats why certain organizations behind closed doors are predicting a confident 5- 10 minimum year stretch which is what an average UK Burglar gets for “drumming” far right illuminated crumpets on mass and so Julian....remember the likes of US “sneaking” around python codeing for the rest of your dream....one line can change a destiny especially if its filled with rat poison and thats a fact!!!! next time you could

Dr Moayyad Al kamali AKA the “Tripoli Bad Grass” is known to the Russian federation as a Government employee (agent) vetted by both the FBI and CIA (who politically endorse the torture and killing of Palestinians),before he worked within US territories.Allegations made against this Doctor include espionage,torture,money laundry,sexual abuse,false imprisonment,kidnapping,extortion and connections to drug cartels.The Government (Bidens only friends) refused to comment on why one of their agents was found holding down three jobs

at the same time!! one as the President of St Andrews College Alumni Association in Dublin, another as the Dead Doctor in a hospital and finally found double parked next to Mr Putins london Embassy, with over 20 Million Gross hidden in various bank accounts around the world!! Hotels are somewhat synalominous places and Emmigrating radio signals are unfortunately for Doctor Kamali in his absence hour an excepted form of evidence in court trials. THE WEDGEWOOD HOTEL IS SITUATED A 3 MINUTE WALK FROM THE RUSSIAN EMBASSY

WIKIFREAKS

« on: April 06, 2021, 03:09:16 pm »

The Racist Hypocrisy of the Irish Press and Joe Biden attempt to “cover up” continued ongoing Democratic involvement and misuse of Irish newspapers.

This Irish Independent newspaper is not a friend of left wing politics or free speech in the Republic of Ireland or anywhere else for that matter,(Wikifreaks are writing for Dark Politricks right to produce free speech!).The hidden,hideous and hypocritical double standards of this newspaper owned by Dennis O Brien are found in the book“Clinton Cash” which exposes the Clinton Foundation (another front for the CIA) collecting millions of dollars at dinner parties around the world.Clinton himself made brief speeches costing upwards of over 100,000 dollars.Dennis O Brien is named in the book Clinton cash presenting the Clinton foundation with countless thousands of “green back” in exchange for guest appearances organized by the OBrien Empire.

Copyrighted material belonging to the Irish Independent newspaper can be found inside of a pdf version of a Racist Neo Fascist book known as Gorings Biography written by a convicted “modern day” fascist who was fined over two million pounds for its production in the British courts.Dennis O Brien is personally aware of the author and the Irish Independent copyright used in the specific pdf book version,however despite being listed as the richest person in Ireland he has no personal intentions of removing the copyrighted material through the court system.We completely condemn the racist actions of the Irish Independent in allowing their copyright to be produced in the first instance and later used in Gorings Biography and also condemn Joe Biden Government for remaining silent on “Wikileaks – Irelands CIA Operations”.

“Freaking out” on Julian Assange a GREAT sport and formeire world visionary.

5.11.2021

London UK British Court report

Suffice to say from the offset there is apparently a view that the American economy like a dark star will eventually implode. Hypothesis abound, there is a timescale involving Russian gas, Hypersonic missiles and Chinese workers production that are key factors of decentralization of capital so they claim. The problem with the dollar is that it has become contraband in other words its easier to produce fake money than nuclear space engines at present, and the poorest countries in the world as we know dont care about what vehicles deliver on the moon or anywhere else for that antimatter or why the official fakes go through the Arab banking machines, so what you may ask has this got to do with the GREAT smell of “Vivian massage” one CIA.

The CIA arent about right or wrong good or bad or even legal matters they are simply about CONTAINMENT in many ways and if you mess, well, you get vissions of Julian Assange broadcasted on every federal chanel all day long and they want it switched back off pronto!. Whilst our darling J hasnt just dabbled he has set out procedures and become in the process a working example on how to redirect and misuse CIA property live on TV , a shrewd guy to say the least and to be honest hes making multi millions in royalties for a 1001 publishers in “Air time” and thats what weighs in real heavy.

Nobodys interested these days on exact or official numbers of AK 47s held by “hostile” organizations 15/20 years ago, In reality, one hypersonic warhead today can obliterate a small uprising in nano seconds, simple as Julian Assange case of Brandy Dandy is a mere fleas dropping, an entity hanging around the Americas back door for a few more slurps whilst in the eyes of the CIA the curry and cement stains are visible all over Julians pretty Duffle coat nobody toepokes “Gatman” the Great, former, informer and getz away with “hIT” ***** have you believe the destructions behold of A NEW PRESIDENCY.

Being a clever programmer parasitically Julian knew what he was playing about with when he cracked vaults, remember the last American election when we saw thousands of people telling US live ABC, CNN, FOX and the arrest its going to be a Trump victory? , where are they know voicing about Americas alleged biggest Espionage cases outcome?? complete fatal silence, nothing , zuilrch. It was Julians chums according to the CIA that officially scuttled their dearest Hillary, no joke! Yet nobody dares to say what will happen over the next coming weeks in court, no inside lines surely not! if your dealing with the CIA from the start yeah you can disappear through a prison toilet J to make it look good, but really folks in this “Hanger” oh no you dont!, risk prison food for your life? pah nay to bother and One two many question marks.

Julian did rather well financial from Wikileaks and thats his shortfall and the stumbling block perhaps of the previous Judges in this case, the private sale of diaries etc etc, making money from espionage, not to sure. when your in the dock for this believe unless you got the right kinda license smoking dollars out of CIA copyright that not even the Jeff Bozodoodar bandwagon would try , its a one way ticket, and lets face it J boys paperwork has either been destroyed, blocked and/or expired.... thats why certain organizations behind closed doors are predicting a confident 5- 10 minimum year stretch which is what an average UK Burglar gets for “drumming” far right illuminated crumpets on mass and so Julian.... remember the likes of US “sneaking” around python codeing for the rest of your dream.... one line can change a destiny especially if its filled with rat poison and thats a fact!!!! next time you could

Interesting finding out that Cringley was working in Ireland this story below will help with Intel!
Albert Smith (Irish Independent newspaper) is a racist journalist and was involved in this incident

5,000,000 Dollars in Bitcoins ILLEGALLY confiscated and destroyed by Government Agents.

(Hissa like a big one you know?!)

Wikileaks and Julian are connected to the “Wiki” syndicate of servers,there are many “Wiki” based sites with different “Wiki” names that are part of a family tree ,Assange is himself also more than aware of the Wikifreaks ** Bing and Google ** entry sites.

Today wikifreaks have many undercover members, anyone can write and call them selves a freak of “Wiki” although their are obvious political rules!.Wikifreakz are left and oppose and fight racism,antisemitism and capatulist ideology,although realists that accept money is still needed in modern day life to survive todays “Freaks” are cautious and are found within Arts,writing,music and of course computer publishing (an area the state and far right are affraid of!!).

Its upon the subject of free speech and publishing not to be confused with the Americans tainted expressionism that we focus upon,more to the point how far the far right will go to put ;Wikifolk” out of business as Mr Assange himself will undoubtedly agree with.Julian isnt of course the only “Wiki” martyr and it is here by clearly stated as evidence that an undercover British Governmen agent working with the police used violence and firearms to Confiscate/destroyed over (130 Bitcoins coins) 5 million dollars worth on a hard drive to be precise.It happened some time ago and the incident is linked to Bill Clintons top man(Dennis O Brien richest person in Ireland),Clinton of course having connections with the CIA through the Clinton foundation of which O Brien is a trusted member who has on previous occasions personally paid Clinton many hundreds of thousands of dollars as gifts, and as we know Craig Murray accepted Hilary Clintons emails from a source that stated they had a dislike of the Clinton foundation.

Evidence of the funding of the Bitcoin transaction found here.....and its the real thing be assured!! in family law you dont need to prove anything once you have the bank and police records... and its not going away either until the debt is paid in full by the Americanized/Irish Government.

At Google uk Albert Smith mi6 or Albert Smith Irish Independent research shows that this culprit works with convicted racist David Irving yet despite this the NUJ cant remove him from their ranks... now if this was the case in the USA a racist would be removed straight away,Albert Smith is found inside of Gorings Biography which cost Irving 2.5 million in court costs ,Smith appears in the digital version describing the nook as a “good offering” apparently he freely admits to being a British Government agent who was also paid to work for the Irish Police.

MI6 sting operation against the Irish Statutory Body GSOC – The Resignation of Chairman Simon O Brien a former British Police Officer.

Heres the site below its prohibited find out for yourselves by tapping link below.

<https://issuu.com/kieranconway>.

weve stripped out the contents of the site and pasted it onto this page its the pdf file below entitled Andrew Dedman MI5 just click onto the wording Andrew Dedman MI5.

ANDREW DEDMAN MI5

Paste Andrew Dedman MI5 at Yahoo or Google search engines for more info on this fascist creep,according to dark web sources he basically tampered with British Government computer systems and then exported the data to Ireland where far right wing “patsys” made good with the stolen and “faked” info to pay for their cars and houses.

Reliable net sources explain that Andrew Dedman was a former British Army officer who was assigned to work in the police for a time in specialist work but later on in his career left the police in mysterious circumstances, that till this day have never been truly explained.We know from wiki-obtained police data whilst in the British army Dedman worked in south America, and was allegedly involved in espionage work involving operations against South American communists,he was assigned the warrant number 1001 whilst in the police and the last known location for Dedman as a police officer was in an intelligence gathering unit in the City of London,International net sources found Dedman working in Turkey shortly after leaving the police by the Israel Intelligence service.Turkey as everybody knows is the gateway for heroin into Britain and Ireland.Below url is an introduction to Andrew Dedman,remove the wording from the site as jpgs add to your desktop and use magnifier application to read properly.

<https://mi5reference3028.wordpress.com/blog/>

Dublin solicitor and recognised political Author, kieran Conway (featured above photo) was involved in a District court case in Bray town County, Wicklow,Ireland in we believe 2015,it was a political

court case were right wing Journalist Albert Smith lied to convict a left wing socialist writer/net sign poster. The socialist was apparently held on British Intelligence files even before he came to Ireland to live, and had previous dealings with Dedman in the past in the UK. It is Dedman who is thought to have generated the files about the socialist that were leaked illegally to Irish sources but not officially given to the Gardaí.

During the court case in 2015 the Gardaí presented mere hearsay as evidence in the form of a speech read out in court by Albert Smith, where Smith himself attended a court hearing and talked about matters such as the CIA and threats made against him with weapons. Smith's speech convicted the socialist on weapons charges and the socialist was sent to prison. Albert Smith is a known and published far right wing fascist (his previous newspaper articles and promotional work as a sub-editor of the Irish independent newspaper on convicted fascist and author David Irving proves this).

Articles of interest have in the past appeared on the net providing valuable evidence that explains the socialist stated in emails to an unnamed source at the time that Smith purposely lied in court by seemingly using a prepared and premeditated false speech, and that the judge accepted in court hearsay evidence contained within Smith's own concocted political lies. According to a blog spot web site on the dark web internet discussion came to the conclusion, that by accepting the mere word of Journalist Albert Smith a known far right wing liar in court without any actual witness or any evidence the judge falsely imprisoned the socialist not for an alleged weapons offence that the socialist stated he never committed anyway, but as the blog writers suggested for being found guilty by the far right of being a socialist that exposed a ring of spys operating in Ireland under orders of the British Government. This known espionage activity was exposed through socialist political write ups that the public otherwise would never have read about and was leaked out in the left wing British political press.

In short the socialist investigated what is now termed as "Gardagate" and in the process exposed a cover up by Albert Smith's newspaper the Irish Independent of Simon O'Brien being a former British police officer as chairman of GSOC and his alleged involvement of being part of an alleged MI6 sting operation to "grab" Irish state intelligence held by GSOC. Like Dedman the socialist has always maintained that it was possible the British Government transferred O'Brien to Ireland.

The court case is databased and more information can be found about Albert Smith as an alleged MI6 dogsbody on the net type Albert Smith MI6 below site is evidence that the journalist worked as a sub editor on the Irish Independent see site below:

<https://www.theguardian.com/world/2006/feb/20/austria.thefarright>

<http://www.irishtimes.com/business/media-and-marketing/people-put-their-lives-on-the-line-for-the-indo-and-this-is-what-they-get-1.2891166>

Various internet allegations can be found that indicate that Albert Smith worked on Andrew Dedman's generated data bases over a period of many years and that some of the data based files (The Dedman Files) were allegedly transferred secretly by Dedman himself to amongst other the Store street Garda station (against human rights treaties) as these files were held secretly in Ireland by "black" cops.

One article indicates the area where Smith lives (Shop river County Wicklow) was data based by Dedman back in 2002 and that Dedman's own pirated and stolen supplied data (block data, many thousands of types of files passed between bent cops without authorisation) was used by the "patsys" in the Dublin/Wicklow area where Smith lives to help pay the bills. The Gardaí themselves were quite

happy to allow the local “patsys” to spy on person suspected of travelling in and around the Dublin Mountains on their behalf and spy is the right usage of word here, the “patsys” were rewarded for their loyalty in pieces of land, discounts, wavers etc obtaining state housing and buildings at cheap rates of purchase, false IDs, credit crunching etc etc.

Left wingers, tax exiles, criminals, suspected IRA members etc who have over the years either fled the UK to live in Ireland for political reasons or set themselves up in business in Ireland where all targeted and followed on behalf of the British and American Intelligence service by “patsys” and bent cops and criminals.

Both the socialist and Journalist Albert Smith were born in the U.K and so the chances of both these individuals who were technically British, being involved in an alleged false weapons incident together in a remote part of the Republic of Ireland on the top of a mountain isn't a very likely prospect, especially as the alleged incident happened on farmers private property where the socialist had permission to travel from the local farmers (not roads or footpaths).

The unnamed socialist always maintained he was never involved in any weapons incident or that he was even present in the area when such an alleged incident occurred. Apparently in other articles found online the socialist claimed he swore in affidavits in court stating he was not present at the alleged incident. It is therefore logical to presume that circumstantially from an espionage angle there is enough online evidence and information to explain an invented incident/counter espionage tactic was used to illegally convict and punish the socialist writer for producing evidence that exposed amongst other Simon O'Brien chairman of GSOC as a potential MI6 operative and a former British police officer in the left wing press, this apparent inventory of Albert Smith should by now be setting off political firealarms amongst the International left wing.

The publications of the socialist are still found on the internet and these articles indicate very clearly that even before Smith's allegations were made through complaint process an article written by the Socialist exposed Simon O'Brien the chairman of GSOC in the British left wing press as a former British police officer, whilst on the other hand Smith's newspaper at the same time the socialist articles were published on Simon O'Brien being a former police officer, ran a cover up and didn't publish or indicate Simon O'Brien was a former British police officer.

The Irish Independent news paper that Albert Smith worked for didn't print this evidence until much later on after Simon O'Brien resigned from his job after different allegations were put to Simon O'Brien,

So ask yourselves as the readers of this article do you really believe that this socialist writer who exposed a cover up in Smith's own newspaper the Irish Independent just happens all of a sudden to appear before Smith on top of a mountain after exposing his paper running cover ups and then for no apparent reason threatens Smith with a weapon, when the socialist doesn't even know this chap? It sounds oh so bizarre and mathematically inconceivable. The court affidavits even state the socialist wasn't even in the area when the incident took place and he doesn't know Smith as a person or even has held a conversation with the man in his entire life.

<http://www.irishtimes.com/news/crime-and-law/simon-o-brien-to-quit-as-chair-of-gsoc-to-take-up-role-in-uk-1.2057839>

Simon OBrien later left his job as chairman of GSOC after internal allegations that he was an MI6 operative used to export GSOC files back to MI5 on mass after espionage activity was suspected at GSOC headquarters. It was the socialists published articles that exposed MI5 knowledge of the IPCC and Simon Obrien obtaining a military based security contract for verimus security to work in screening Irish Government buildings, in a left wing political party news column that really set the rat amongst the greys.

One of the many articles produced by the socialist explained that the security company sent to Ireland by the IPCC (Verimus) was an MI5 connected company who uses staff from the same British Army regiment that killed Jean De-Menezes, whos death ironically was investigated by the IPCC themselves. The IPCC, MI5 and Simon Obrien collectively obtained the military contract together that got Verimus the work to look for bugs in Simon O Briens Irish offices where he was chairmen of GSOC all a bit to cosey?

It was leaked out in the Irish Independent that MI6 were involved in looking for bugs in O Briens office however the Independent only talked in half truths and when it came to the delivery it failed, it failed to name at the same time that verimus scanning equipment being used in Simon O Brien office was being used to protect a former British police officer, If it wasn't for the press leaks in other papers and other sources the public would never have known that verimus where operating in Ireland on behalf of MI6 and their operatives, the leak outs gave the security services in UK and America the power to confiscate internally all the GSOC records that MI5 now have because essentially there own operatives where under threat, all though Simon o Brien always stated he never fealt threatned, but he would wouldn't he, so essentially without the press leak outs no confiscation of records by the Americans and British would have been obtainable. The files stolen or sequestrated due to security breaches about Gerry Adams Sinn Fein leader having secret meetings with drug convicted dealer Kieran Boylan would never have been officially found by MI6 and MI5, allegations that Gerry Adams secret meetings have been going on for years is no news however this article is evidence that its a club where the spoils get divided and if you expose espionage publically you can pay a heavy price when publically you force secret agendas into the press.

the socialist was followed from Ireland to Europe where he was involved in publishing Smith was part of an ongoing operation into Drugs/terrorism see article here;

<https://gerryhutchblog.wordpress.com/>

Albert Smith didn't care about who he spied upon and the Gardai themselves where always placing and mistaking people in different areas. Smith was stationed according to one internet web site and chosen by MI6 and the British Military to "plant" stories in the independent news paper he wrote an article

about convicted fascist David Irving, Irving got 3 years for the books he published that were anti semitic also Smith appear on irwings home site promoting irwings banned books incidently no normal journalist would have consented to promote a fascist like Irving and as Kieran Conways book names fascists it has to be published here that Conways past comments on fascists have been published :

<https://www.goodreads.com/book/show/24305635-southside-provisional>

Kieran Conway went up against Garda Patton and sergeant Heraughty of Enniskerry Garda station when he represented the socialist in Bray court. Another Garda involved in these areas was Garda Cullen formely Stepside now Dundrum Garda Station, he should have blown the whistle on Heraughty and Patton a pair of right wing state protected spies that work for the American and British Intelligence service. The Garda station at Enniskerry has American police force uniform patches in the window the entire Enniskerry village is a MI6/CIA state protected right wing fascist safe haven, you cant publish sites on an Enniskerry Google entry, the powers that be remove any site placed on Google that lands on Enniskerry, try it for yourselves, and yes they follow your signalex back to where you live so do it somewhere else! If you type Enniskerry Nazi at Google prompt you find a worrying amount of right wing neo fascist sites all connected to this tiny little village in the countryside of Ireland.

Hammer and stone used during Enniskerry fight

AN Enniskerry man who assaulted his sister's neighbour has been fined ?450 and bound to the peace for two years, following his appearance at Bray District Court.

32-year-old unemployed single man, Paul Quinn, of Naomh Ciaran, Enniskerry, was convicted of assault, criminal damage and public order offences arising out of an incident at the Monastery Grove estate, last summer.

The defendant had pleaded guilty to breaching the peace and being drunk in public at 22 Monastery Grove, Enniskerry, on July 17 last.

But he had denied breaking Patrick Jackson's window or assaulting him.

The court heard that Patrick Jackson was a neighbour and friend of the defendant's sister Adele Quinn, but Paul Quinn wanted to prevent the two from socialising together as Adele has a drink problem.

Jackson said he had called to Adele's house that morning, where the defendant, who was drunk at the time, had shouted abuse at him and followed him out of the house, but had fallen.

Jackson returned to his own home, but was followed by Quinn and a second man.

Both pushed their way into Mr Jackson's hallway, where they started fighting with Jackson and his son.

After being ejected from the house, the pair returned again. Quinn's accomplice had a hammer with him which he used to break glass panels in the door.

Quinn was 'strutting around like a bantam cock' and threw a stone at the window, cracking it, added Mr Jackson.

When Enniskerry Garda Sergeant John Heraughty arrived at the scene, he called to Adele Quinn's house at 62 Monastery Grove.

When he knocked on the door Adele let him in. Paul Quinn ran across the garden in a drunken state, screaming abuse and telling the Guard to keep out of it.

Quinn admitted that he was very drunk at the time and said he only 'vaguely' remembered the events.

Denying the charge of assault, he said he was 'too drunk to fight, let alone stand.' He admitted giving Jackson 'a lot of abuse' but didn't remember threatening him.

'The fact of the matter is, Mr Quinn advanced on Mr Jackson's house with someone with a hammer who then tried to batter down the front door of the house,' said Judge Connellan, convicting Quinn of

assault in spite of solicitor Joe Maguire's request for a direction in light of the fact that Jackson had given no evidence that he was physically assaulted by Quinn.

Quinn was fined ?250 for criminal damage, bound to the peace for two years for the assault on Mr Jackson and fined a total of ?200 for breaching the peace and being drunk in public.

Philip O Toole was dealt with a wound from a shotgun in 2011 in the car park of pairc na sillogue,he was later found a Dedman in Wicklow woods in 2013,nobody has ever been charged with his murder.O Tooles death was attributed to large amounts of Heroin allegedly buried in the woods behind

Albert Smiths cottage. Albert Smith was involved in anti terrorist operations involving alleged IRA members who used “old Bayford style caravns” parked in local lanes in the area owned by the family of the Careys. Internet sites claim that a local IRA member “Thacker” was involved in controlling the wooded area, a feud between the British agent Smith and Thacker was evident though not violent, but there was a deep dislike of Smith as a known British agent born in England. The IRA units from Bray and other areas were given orders not to harm Albert Smith, for whatever reasons, which isn't unusual as Ireland itself has a protected tout on every corner. Smith according to internet sources worked for British intelligence placing stories into the Irish independent newspaper, he was exposed as a spy that regularly gave evidence to the Gardaí (God bless ya yer little bollox) and worked as a sub editor for the newspaper. The claims are that the British Intelligence service were involved in importing Heroin from U.K and then used the “little” fellas to store it and distribute the powder. This rings true as Kieran Boylan was involved in bringing in heroin from wales -nothing gets over Holyhead without the secret service involved!!!

<https://mi5andrewdedman.wordpress.com/>

Andrew Dedman left The British Army and joined the British Police, it is believed he was transferred because mathematically the badge number he was allocated to use as a police officer, (every police officer has their own badge or identity number on the “force”) was 1001 ! the emphasis here is the actual mathematical chances of owning this badge number in the British Police are practically ZERO its a computation that runs into many hundreds of thousands, as there are many hundreds of thousands of police officers so we believe it was a badge number on “Stand by”. As we all know 1001 is a British expression or para phrase only in this particular persons instance its a thousand and one misuses as opposed to uses. Andrew Dedman by name and nature was not a regular police officer. The name itself is an anagram of ...and your a deadman... A typically sinister calling card left on police files, court paperwork etc researches who quite often browse through British Intelligence files and Police Intelligence files would “lock” onto the “codeing” of coming across a name of DEATH 1001. Because of his initial location a town known as Hertford, Hertfordshire where he worked as a mere detective constable it is thought that he was part of a undercover military unit within the police or even a secret police officer, that is a police officer who has different roles, his expertise and British Army knowledge would have made him prime time for the job, still being able to work with the British Army itself. This is because 20-30 years ago Hertford was the quintessential MI5 village situated far enough outside of Londons capital served with two railway stations (not many towns in UK have two railway stations!) the British railway station from Hertford actually takes trains right inside of the tube station underground!!! Moorgate station to be precise so this made security arrangements for MI5 workers less hassle to get around. Hertford itself is a rabbit warren a complete Maze, it had one of only three types of emergency

nuclear underground base stations this can be found on google by typing <http://www.urbexdevil.co.uk/srhq-4-2-regional-government-bunker/> the Town has hundreds of inter connected footpaths,there everywhere,canals,rivers,viaducts,lakes,wooded areas nearby now abandoned air strip...the list goes on and on just look at google maps and everything within 5 miles radius of Hertford itself on the map and twenty years ago the place was a lot more quite and the police where right good chaps.Andrew Dedman for his sins was a nasty right winger who tampered and experimented with systems and law probably the type that was very much aware of people like Oswald Moseley infact Dedman looks remarkably similar to this man.He was a brutally cold police officer across between a ferret and British Army stiff upper lip type although the kind of skinny/medium type build chap that you would find camping somewhere in the middle of the Brecon Beacons eating worms and rumours surfacing on the net indicate he left the police and was found by mossaud agents living in Turkey they apparently got real personal by naming him a man with American armed force tattoos on his left arm on an alleged IDF site in Israel.Dedman probably is part of a sinister network of espionage/crime/drugs as Turkey is not the sort of place a person would willingly live in being British Born no offence to the Turkish people here but it isn't many folks ideal port of call,hes either hiding there or working or both and probably for both sides at the same time if you know what I mean....Dedman tampered with the British Police force PNC computer system leaving a trail of disinformation behind him the extent of which will probably remain another mi5 well kept secret,these types of police officers have been involved in creating DATA BANKS which are not only used by police but Diplomats and British Intelligence which is part of creating the capitalist infrastructure of Britain itself all information is a tradeable commodity and at some point ends up in the Kremlin or Washington.Some folk say that the only thing that's secret about mi5 is where they live and how much money they earn each year everything else goes through the back door in one form or another...sorry chaps but that's the word...Dedman was involved in programming prisoners and the British mafia and Dedman itself is more a ring of pirates or network of people including criminals that help maintain protection within Britain.

Andrew Dedman arrested,detained and charged civilians that were left wing and known to Class War and other organisations.David Shayler claims in the above article that he was placed as an overseer of class war.The files that where available to Dedman on suspects he later charged came from Shaylers intelligence gathering (The Dedman Files).

PC Darren Brockwell pictured above was located some time ago at Snow Hill Police station, he was selected to become a "Special" police officer at Snow Hill, although the term "Special" is very much open to interpretation an inference can be drawn from this terminology, there are classified MI5 files held upon him that have been "Leaked" and for this reason the publishers of this article disclaim that they are not involved in obtaining MI5 information, It is rumoured that the Russian Government used agents to collect or trade information, information gathered or produced upon this page is part of "The Dedman Files". These files were obtained as a result of Mossad obtaining information on far right wing police officers in Britain one of whom was forced to leave the City of London Police Force for reasons that have yet to be classified or declassified or released. Darren is not an ordinary police officer, regular Police officers that work at Snow Hill are kept on Secondary MI5 Data Bases that require less security clearance to open up however they are still classified as MI5 Stock. The area in which Darren operates includes the Barbican Centre where Knighted persons work and attend the Barbican Complex. Security in the City of London where Darren worked is very high level and all Police and Military radio communications are constantly monitored by MI5 Departments for Security Reasons. Darren came from the Banking Industry and was involved in Security work within the Banks. The above picture of Darren Brockwell is freely available on google images and has been confirmed as the same police officer that Mossad has upon its own data bases. Andrew Dedman (MI5) data bases and files included a link up/extension into Darren Brockwell as they both served in the same force City of London Police. Dedman was transferred at around 2003 to an intelligence gathering unit based somewhere in the Wood Street area and was known to Inspector Burgeois through different forms of protocol Darren Brockwell was also linked to Inspector Burgeois site indexes and other MI5 data based material. Darren apparently according to MI5 files received a medal from the Queens of England and was placed on MI5 files with this information. It also states that he was approached by MI5 to start a Gay rights group up in the City of London Police code named CHORUS. If Dedman hadn't of been "clipped" by Mossad then Darrens indexes wouldn't have turned up on Israel Intelligence files. Information upon left wingers obtained by Daren Brockwell was transferred to other European countries perhaps illegally however was then held by European forces despite the persons

concerned not having criminal records in Europe where they were based, the information was then leaked and the information then became a risk to the person's life, in other words the person's life was put at risk because of leaking of information obtained by Dedman and his internal indexes – hence The Dedman Files. The information in Europe that was left by the City of London Police ended up in both Russia and Europe giving people passports back into British Intelligence itself... I don't want to have to say this but that's why bent cops have a thousand and one misuses....

MI5

January 4, 2017

Andrew Dedman former Hertford police CID unit 2002 circa was transferred to the City of London Police believed officially as the Fraud Division, however alleged connected to MI5 unit that specialised in foreign based political crime work with emphasis on specialist work. The allegations are that as an alleged police officer whilst working in Hertford police station Andrew Dedman for what ever, yet to be confirmed and established, altered and tampered with data held upon police computer systems and therefore officially under The Computer Misuse Act 1990 acted illegally. Dedman originally a specialised British Army operative serving in South America in countries notoriously known for Cocaine production Belize left the Army to join British Police, the following questions are left hanging was he ordered out of the Army into police or did he simply make that decision himself. The answer perhaps can be found in his badge number which is unique to each individual Police Officer in the force.....in Dedman's case it was 1001, a typically British saying of a 1001 uses, or in Dedman's case a 1001 misuses. His name is sick...with his "MO" and your a deadman anagram of Andrew Dedman. The Israeli intelligence service Mossad located his tattoo on his left arm an American Eagle and his Turkish Villas. Dedman left the police and was apparently found in Turkey.

Heres evidence that COVID19 really is a biological weapon decide for yourselves (LondonCT Publishing.)

Washington:

American lawyer Larry Klayman has filed a USD 20 trillion lawsuit against China for the creation and the release of the novel coronavirus that has infected more than 334,000 people globally.

Larry Klayman, his advocacy group Freedom Watch and Buzz Photos, a Texas company, filed the lawsuit in the US District Court for the Northern District of Texas, alleging that the novel coronavirus was "designed by China to be a biological weapon of war", and that whether or not the country intended to release it, China violated "US law, international laws, treaties, and norms."

"Because China has agreed by treaty to outlaw such weapons, these actions cannot be official governmental actions of the People's Republic of China and are not subject to any possible claim of legal immunity from suit," the lawsuit said, as cited by Law and Crime.

It went on to allege that the purpose of maintaining the virus within the laboratory was to use it to "kill US citizens and other persons and entities in nations perceived to be an enemy of China."

The virus, which first originated in the Chinese city of Wuhan, has spread 189 countries or territories, infected more than 334,000 people and killed over 14,500, as per the latest data available on the World Health Organisation website.

"COVID-19 is an extremely dangerous disease because it has an extremely aggressive nature, was designed to mutate from person to person, spreads very quickly and easily, no vaccine exists yet on account of it being a new disease, the means of transmission are not fully known with certainty, and

treatments are only just being worked out, and the disease appears to be about ten times as deadly as the flu," the lawsuit read.

It said that the lawsuit was designed by China such as to be an effective and catastrophic biological warfare weapon to kill mass populations.

I think you totally missing the point of the article its not about COVID19 or MI5 Agents or even Julian Assange its about free speech blogs like mine - a little blog like mine - being on a list of websites to ban by Google, Facebook and many others just because some US Professor deems the sites too dangerous to read - your little itsy bitsy minds cannot handle thinking for yourself, don't worry though I will have a COVID19 conspiracy article up soon. Just getting more and more pissed off with the UK enacting laws lasting 2.5 years to combat something the Chinese miraculously cured in Wuhan within months. Maybe the 21 million Chinese Mobile Users is a sign that the death rates were drastically under reported but then China has bought loads of Western companies as their stocks fell in the global economic crisis causes by COVID19 and its a Police States wet dream to have a virus to use as an

excuse to patrol streets fining people, not letting them out of their houses, detention for unspecified lengths of time, plus forced medication, and if the Hospital treats you wrong and you die alone with no family to see before your painful death you are cremated even if it goes against your families religious wishes and you can no longer sue the hospital for medical negligence. Plus it now only takes 1 person to sign a form and you can be indefinitely held in isolation or forced to have meds injected into you. I do find it funny that some Texas law firm is trying to sue China for \$40billion, the Chinese won't pay, they have a new booming economy making respirators and protective suits to export to the west where we are all under stocked.

That should have said Texas is suing China for \$40 TRILLION!!! I'd like to see China paying that back before maybe asking for the debt they hold in US Treasuries first to devalue the dollar to dirt and pay them back in what will be cents.

Just to let you know I've had multiple versions of this blog deleted before, hosting companies scared off when decess and desist orders from US Army, Navy, Airforce + dozens more wanted me to take down an article about Russia's anti US Aircraft carrier missiles the US cannot defend against, the US actually asked to buy them and Russia said no and then sold them to China. The hosting manager was almost sweating red and closing windows as if he thought Mossad hit teams would swing through windows at any moment, so feel free to print what you think WikiLeaks won't but just don't think Julian is "in on it" in any way, as I wouldn't like to spend 5 years in a tiny embassy as small as a 1 bedroom flat and let alone 5 mins in Belmarsh High Security Prison. Why is he in there. Do they think an armoured squad of prison breakers are going to rescue him from a rigged trial that is going to see him spend the rest of his life behind US bars. Remember when Trump was calling out on stage for Assange to release more dirt on Killary, why doesn't he let him off all the charges that prob helped many people not vote Hillary. The Pedo Podesta emails certainly didn't help either but was made into a conspiracy despite FBI Pedo Pizza Slang being used constantly throughout the emails something no-one apart from those willing to get booted off YouTube were. Portugal Police even have photofit of a man looking like a Podesta bro running off with Madeleine McCann, and blood splatters found on the entrance to their private mansion that were for some reason not used as evidence, speech analysts experts in their field said the parents were lying and the majority of nonces are family members - but so what it's just a theory. Feel free to rant. But members of the Royals like Prince Charles, the King that will never be, and our PM and Heath Minister have COVID19. Boris now in hospital - probably

stealing a much under resourced ventilator off a youngster who needed it more.....shit always happens and someone always gets rich.

Your right its not a game and nobody wants even a shit like assange tortured and kept,however there is more to Julian than meets the eye,for a start hes an extremely clever chap....not stupid at all infact...however hes not dumb either ...if you buy a sports car for quarter of a million quids and drive along a road at 200mph plus then you know what your doing so to speak,and what are you at paying money like that on a car.Julian assange got his info from bent CIA officers ,he was hooked lined up and sunk nobodys fault but his and nobody in the right minds leaks out any form of CIA gear NOBODY OK WITH THAT...Julian had hos own little sidelines go Poddle it for yourselves one of diaries went for about 100,000 or semething and thats hust one of them and then there is the solicitors fees....the guy had money and new how to make money then theres all the stuff he knew about that he didnt leak out like not even a couple of poxy sentences...and then all the press coverage and internet space people like us get blocked and he got frontline web sites...NOPE!!! he lost touch....

Anonymous11 April 2020 at 11:52

I wouldn't like to spend 5 years in a tiny embassy as small as a 1 bedroom flat and let alone 5 mins in Belmash High Security Prison.some people amigo have spent time in prison in this country for political reasons and abroad!! The King that will never be eh??...wow...how about the bag on the hill,heres some wonderfull comments about the queens of england found on other sites and blogs;

1. The Queen is disliked by the minority.

2. I don't think anyone thinks badly of the queen. I believe that some people don't like the fact she has German descendants

(that one's an understatement and if I could)

3. There are currently three Queens Regnant (Queen Elizabeth II, Queen Beatrix of the Netherlands and Queen Margrethe II of Denmark) and four Queens Consort (Queen Sonja of Norway, Queen Sofia of Spain, Queen Silvia of Sweden and Queen Paola of Belgium)

I can't give a wee bag o' "*****" for yer queen GEAR.

5. If you are referring to Queen Elizabeth -

I've read that she is stern, strict, not the warmest personality (stick the bag on a bonfire that will make eire warmer!!!)

6. I'm sure the queen is a good person but she doesn't deserve free GOVERNMENT money for being born into the right family. FUG ALL CAPITALIST STRUCTURES AND MONARCHISTS.

7. Argh. I'm English, and I absolutely hate the Monarchy, I find it unbelievable like you that we have a somewhat democratically impounding monarchy, in fact the UK is one place below the USA in terms of democracy ratings simply because of the Royal Family (whether that means without it the UK would be higher, I don't know). I am embarrassed that we have a Monarchy, and hate that it seems to be THE defining feature about England to foreign people. The benefits seem to be that we get increased tourism from them, but France has a very similar climate (in Paris at least) and somewhat similar architecture, yet gets more tourists than the UK (and it doesn't even speak the world's widest spoken language, if that counts for anything!). Uhh, it pisses me off. (YES YES YES YES)

8. This one's really powerfully worded so we've taken out on the baggy words!!

The queen from English is a joke. It looks like you are in Disneyland watching a parade she wears a stupid crown and wave's her stupid hand like she is twistin a light bulb. She still think's she became queen by DIVINE RIGHT WHAT A F*****G MORAN THE QUEEN IS. IT TELL'S THE WORDL SHE IS NOT WELL EDUCATED. ALL MAMALS ON EARTH SHARE THE SAME GENES INCLUDING ANIMALS. SHE IS A F>artin>G MORAN. I HEARD A TAPE WHERE SHE WAS TALKING TO THE EVIL QUEEN MOTHER. THEY BOTH SOUND LIKE LITTLE SPOIL ROTTEN RICH 12 YEAR """" SPOIL FROM THE DAY THEY WERE BORN. I watch her speech when she become queen is so fuarting comical. WE WERE LAUGHING SO HARD SHE REALLY REALLY BELIEVES SHE IS CHOSEN BY GOD AND IS HER DIVINE RIGHT TO RULE ALL THE COMMONERS AND SHE ABOVE EVERY ELSE. STIPID *****.

so anyway although i wouldnt trust this gut with a can of petrol id still invite the farter round to my bonfire!!!!

Russian Counterfeit Dollars: A Case of Early Soviet Espionage

Arnold Krammer

Slavic Review

Vol. 30, No. 4 (Dec., 1971), pp. 762-773

Published by: Cambridge University Press

DOI: 10.2307/2493847

<https://www.jstor.org/stable/2493847>

Page Count: 12

A former 7th Special Forces Group soldier and a West Virginia National Guard Special Forces soldier pleaded guilty Dec. 21 and Dec. 17, respectively, to two federal charges each of conspiracy to traffic cocaine, according to court documents and a release from the Justice Department.

Former Master Sgt. Daniel Gould, 36, and Sgt. 1st Class Henry Royer, 35, had planned to smuggle 90 pounds of cocaine — about \$1 million worth — on a military transport plane from Colombia to Eglin Air Force Base, Florida, according to federal court documents.

The discovery of the biggest haul of counterfeit coins in the history of the euro has sparked fears that the £2 coin could soon also be forged in China.

The bi-metallic £2 coin, with its golden rim and silver centre, was thought to be more difficult to fake than pennies, or widely forged £1 coins.

However, a major seizure of €500,000 worth of fake euro coins from China by Italian police has sparked concerns that forgers could next turn their skills to the £2 coin, which has a similar colouring to the €1 coin.

Italian detectives were inspecting metal pipes in the port of Naples when they discovered the hoard of forged coins - the biggest seizure of fake coins in European history, The Times reported.

An Enigma that somehow evolved somewhere a bit like COVID – 19

The Quintessential Quirky story of an Arab Doctor living in Ireland that at present seemingly owns a

hotel next door to Mr Putins Embassy in London (and yes it is rather personal! – A paradoxical enigma

of sleuth on the roof)

Anonymous data input provide British Government evidence which has been available for a number of years The first and most important point of evidence is somewhat incumbent to point out however Ireland in a sense in the Republic is more somewhat American based than British, many americans priding themselves in their irish Ancestry® and families including of course former Presidents.Its not surprising then to know that the main Irish Police stations in Dublin are connected directly to FBI and CIA channels and that the central irish police stations communication systems are closely monitored by the CIA these where conditions laid down by Clinton and the Clinton foundation in its dealings in the past .taoiseach. protection and other politicians, included within there protection systems will also be included the head of pyschiatry as the head of pyschiatry offices are based a few hundred meters from the central police station .an alleged arabic doctor and former head of Dublin Pyschiatry named as Dr moayyad al Kamali has cropped up on a number of Wikileaks based sites or derivatives of Wiki base data files over the last 3 years .Dr Moayyad al kamali has been crossed referenced for political reasons

as an alleged Arab held apparently on CIA files and directories upon protection lists Dr moayadd Al kamali from public British Government records was alleged removed from the General medical Council registered doctors register in the Uk public free information indicates that Dr Moayyad Al kamali owns and this is the incredible part of the data packages a hotel worth countless of millions of english pounds less than 3 minutes walk from the Russian Embassy in London known as Wedgewood Hotel 49-51 Leinster Square, Paddington, London W2 4PU

Also notice Albert smith trained in the US in one of the worst counties for the KKK Louisiana and that a NUJ open letter appeared on the net after he appeared on convicted fascist writer David Irwings personal site - NO WAY DUDE !!! this is in my professional opinion a self confessed fascist military operative who has worked under cover in Ireland!!!!

part 1

Former Irish Independent Sub-editor Albert smith exposed himself earlier this year as a British bought journalist working (undercover) in Ireland,his own publishing company got hacked into through

Yandex servers based in Russia. A group of unknown anonymous researchers claimed on various American publishing sites some time ago that Smith admitted to taking bribes from the Irish Police that's what TOR news stated - exactly that - bribes in the form of regular bank payments had been discovered being paid into bank accounts allegedly tracked and belonging to Smith, for legal reasons the bank details weren't disclosed however Smith's own admittance to the affair has been documented in writing and published publicly on various Russian sites for safe keeping.

Smith's own admission of accepting money from the police is a complicated political issue. In a country with a history of political violence that goes back decades this form of self-confessed espionage intel isn't simply going to go away, especially as Smith is a British citizen, furthermore working for the police isn't something that is mentioned in passing and then forgotten about, later on conveniently being brushed aside under some kind of magic carpet so to speak. It is an extremely serious political matter. Now that information of this calibre is finally in the Russian public domain Smith's ill-gotten gains become a statement of eventualities and more to the point inevitabilities.

The allegations derived from Smith's statement go far deeper than just accepting money from the police, in so much that the next question asked is how many other journalists in the Irish Independent newspaper have also been working for the Irish police? There doesn't seem to be much readily available evidence in Irish political history of journalists that have ever admitted to or proven to have worked for the Gardai before and so this recent Russian Yandex Hack seems to be another breakthrough.

part 2

One would presume then that Dennis O'Brien the owner of the Irish Independent will become directly implicated as he personally holds and controls security files held on Smith and must therefore presumably be aware of any regular payments made into Smith's accounts, this places new light upon O'Brien and his relationship with Bill Clinton as the published book Clinton Cash named Dennis O'Brien as the owner of Albert Smith's newspaper the Irish Independent that gave money to Bill Clinton. Where exactly then are we led to believe that the money paid to Clinton really came from Enda Kenny?, Mr Putin?, The British Secret Service? The readers must also consider court cases Smith was allegedly involved with over the many years. Being paid by the Gardai as a witness to give false evidence to the Irish courts is more than a serious offense, it directly implicates that members of the Garda Síochána itself must have knowingly been involved in rigging political court cases, you can find allegations on Smith that go back many years on the internet, just "Bing" it Albert Smith MI6- on how he lied in

courts. Just to make the point if somebody had used O'Brien to pay Clinton (and he's one of the biggest liars in American political history) then that might explain one of the many ways why and how Hillary Clinton really lost the election, somebody or some government or rival party was following Clinton around the world and buying into payment slots, who knows? It would make sense for an insider perhaps Russian, or British to setup a deal with O'Brien and others like him and to pay the money to Clinton as he tore the world, that way they would always have something on the happy go lucky trumpet blower. Espionage has no rules and there are certainly no rules on holding one's own opinions and views!! On determining where money could have possibly come from within the inner circles of the Clinton Foundation, it's been suggested should Hilary have won the election all of the Clinton Foundation history would have been given a white wash brighter than the Whitehouse itself! The Mystique of Gardagate was in many ways created by the press in particular the Irish Independent and the master mind behind it all was none other than Journalist Conor Brady who worked with Smith and was identified by some as the person who removed half the Irish Government with his papers articles that appeared in the Irish Independent, see where all this is leading to? Smith's monitoring/policing role within the newspaper itself. Conor Brady incidentally worked for the Garda Siochana Ombudsman Commission allowing him to gain his info on MI6 agent Simon O'Brien (former GSOC Chairman), so if Smith worked for the Gardai and Brady worked for the Garda Siochana Ombudsman Commission that makes for an interesting cocktail of stinker, tailer soldier spy and we know exactly who Conor Brady implicated for spying on GSOC, perhaps that's why he won't come clean on Smith publicly as there are too many question marks that remain around this unhinged Jack Ruby styled character. Recent evidence shows clearly that Smith was trained in America, Louisiana and we wouldn't be surprised if Mr Conor Brady could also explain who exactly paid for Smith's training, and then of course Smith wrote a Walking book that was published and nobody bought the book (it's been checked on publishing records)

So who's really pooting the bill? There are too many idiosyncratic demeanours hanging above Smith's fed he's a ringer for example he celebrated the work of convicted fascist David Irving (a Holocaust denier) who received a three years sentence for producing anti-semitic literature, if any European journalist today wrote a similar article they wouldn't last for very long and we doubt for legal reasons any European newspaper would even be allowed to celebrate an author like Irving in their newspaper or even consider promoting a convicted fascist, so what's really going on here? Is Ireland itself attempting to rewrite its own history can't the Irish Government give an answer in Gaelic to US as to why so many people are remaining silent?? Other allegations on the net include Smith being an unregistered firearms user and Google allegations point directly at Albert Smith's ability at giving false evidence in courts. Smith decided to publicly announce through one of his own publishing articles that he had worked for the Irish Police and Mr Conor Brady will be able to explain the Gardai's role in the GSOC bugging affair..ask me if anyone has ever bugged a newspaper office or taped journalists phone calls and you have the answer right there! When the Irish Independent office itself got bugged nobody talked about it in the press and there was no need to call for MI6 or the CIA!!

written in ten minutes on my ipadno light, walking along the roadside with no keyboard,no sleep,no money,.....apologize! Dont even speak Gaelic!!

The article below is removed exactly from Russian servers and is not intended in any way to be outlined furthermore it is an anti semitic site that should be banned.

The Reichsmarschall

Albert Smith in The Irish Independent, Dublin, September 2, 1989. "THIS IS the best-researched biography and best biography in English of 'the second man in the Third Reich.' ... Göring somehow obtained poison -- Irving has done good detective work here -- ...

<https://www.timesofisrael.com/british-holocaust-denier-david-irving-to-lead-nazi-death-camp-tour/>

<https://www.theguardian.com/world/2006/feb/20/austria.thefarright>

Allegations found on internet sites in April this year 2020, make it clear that former Irish Independent Newspaper sub editor Albert Smith misused his position of power politically to his own ends by celebrating, endorsing and approving the public sale of literature produced by self confessed convicted fascist David Irving. It was uncovered by Russian Yandex hackers that it was Smith's own personal decision and plan of action, none other, acting as a sub editor of the Irish Independent newspaper, to oversee the publication of an article produced and written personally by himself that would promote the sale of Irving's published fascistic books collectively by describing them as a scholarship.

After the Guardian Newspaper announced David Irving's jail conviction in for production of anti semitic literature it was expected that the NUJ under its own rulings and regulations would automatically turn their own immediate attentions to any Newspapers or journalists that had in the past prior to Irving's conviction blatantly collaborated with Irving themselves in producing anti semitic publications for Newspapers. European laws thankfully prohibit actual production of any form of anti

semitic articles in Newspapers for public sale, however despite the recent discovery by Russian Yandex hackers of the obvious illegal activity of the Irish Independent Newspaper the National union of journalists the (NUJ) have been found guilty of failing to take legal actions against known journalists within their organization that have seemingly committed anti semitic criminal offenses in the past when there is more than enough evidence to start summary proceedings against them.

The NUJ as an acting body does not identify the historically published anti semitic incident produced by the Irish Independent even though evidence of the newspaper article is still in existence and online today. At the time of Irwings convictions there where no NUJ investigations. Yandex sources indicate Albert Smith is at present 2020 payed a regular weekly income from the Irish Independent Newspaper which is a completely disgraceful situation.

Does it actually even matter if Russia DID release news on illegal US war crimes and other illegal activities. Surely the important fact is the people know what your country does in YOUR NAME not who released it to the wild for non MSM conforming readers to find and investigate for themselves??

for forwarding purposely created inaccurate information to other Western Police forces and CIA and FBI agents in other countries, where this information in turn is then misused to create protection that extorts money and goods and chattels .(Thanx to the Hatfield cops for this info).Its amazing what a few bags of Albanian ISIS controlled drugs can buy cheers boys.

13 illuminati bloodlines Author Fritz Springmeier

This is the excerpt for your very first post.

PC Darren Brockwell pictured above was located some time ago at Snow Hill Police station, he was selected to become a "Special" police officer at Snow Hill, although the term "Special" is very much open to interpretation an inference can be drawn from this terminology, there are classified MI5 files held upon him that have been "Leaked" and for this reason the publishers of this article disclaim that they are not involved in obtaining MI5 information, It is rumoured that the Russian Government used agents to collect or trade information, information gathered or produced upon this page is part of "The Dedman Files". These files were obtained as a result of Mossad obtaining information on far right wing police officers in Britain one of whom was forced to leave the City of London Police Force for reasons that have yet to be classified or declassified or released. Darren is not an ordinary police officer, regular Police officers that work at Snow Hill are kept on Secondary MI5 Data Bases that require less security clearance to open up however they are still classified as MI5 Stock. The area in which Darren operates includes the Barbican Centre where Knighted persons work and attend the Barbican Complex. Security in the City of London where Darren worked is very high level and all Police and Military radio communications are constantly monitored by MI5 Departments for Security Reasons. Darren came from the Banking Industry and was involved in Security work within the Banks. The above picture of Darren Brockwell is freely available on google images and has been confirmed as the same police officer that Mossad has upon its own data bases. Andrew Dedman (MI5) data bases and files included a link up/extension into Darren Brockwell as they both served in the same force City of London Police. Dedman was transferred at around 2003 to an intelligence gathering unit based somewhere in the Wood Street area and was known to Inspector Burgeois through different forms of protocol Darren Brockwell was also linked to Inspector Burgeois site indexes and other MI5 data based material. Darren apparently according to MI5 files received a medal from the Queens of England and was placed on MI5 files with this information. It also states that he was approached by MI5 to start a Gay rights group up in the City of London Police code named CHORUS. If Dedman hadn't of been "clipped" by Mossad then Darrens indexes wouldn't have turned up on Israel Intelligence files. Information upon left wingers obtained by Daren Brockwell was transferred to other European countries perhaps illegally however was then held by European forces despite the persons concerned not having criminal records in Europe where they were based, the information was then leaked and the information then became a risk to the persons life, in other words the persons life was put at risk because of leaking of information obtained by Dedman and his internal indexes – hence The Dedman Files. The information in Europe that was left by the City of London Police ended up in both Russia and Europe giving people passports back into British Intelligence itself... I don't want to have to say this but that's why bent cops have a thousand and one misuses.....

Andrew Dedman left The British Army and joined the British Police, it is believed he was transferred because mathematically the badge number he was allocated to use as a police officer, (every police officer has their own badge or identity number on the "force") was 1001! The emphasis here is the actual mathematical chances of owning this badge number in the British Police are practically ZERO. It's a computation that runs into many hundreds of thousands, as there are many hundreds of thousands of police officers so we believe it was a badge number on "Stand by". As we all know 1001 is a British expression or phrase only in this particular person's instance it's a thousand and one misuses as opposed to uses. Andrew Dedman by name and nature was not a regular police officer. The name itself is an anagram of ...and your a deadman... A typically sinister calling card left on police files, court paperwork etc. Researches who quite often browse through British Intelligence files and Police Intelligence files would "lock" onto the "coding" of coming across a name of DEATH 1001. Because of his initial location a town known as Hertford, Hertfordshire where he worked as a mere detective constable it is thought that he was part of an undercover military unit within the police or even a secret police officer, that is a police officer who has different roles, his expertise and British Army knowledge would have made him prime time for the job, still being able to work with the British Army itself. This is because 20-30 years ago Hertford was the quintessential MI5 village situated far enough outside of London's capital served with two railway stations (not many towns in UK have two railway stations!) the British railway station from Hertford actually takes trains right inside of the tube station underground!!! Moorgate station to be precise so this made security arrangements for MI5 workers less hassle to get around. Hertford itself is a rabbit warren a complete maze, it had one of only three types of emergency nuclear underground base stations this can be found on Google by typing <http://www.urbexdevil.co.uk/srhq-4-2-regional-government-bunker/> the town has hundreds of interconnected footpaths, there everywhere, canals, rivers, viaducts, lakes, wooded areas nearby now abandoned air strip... the list goes on and on just look at Google Maps and everything within 5 miles radius of Hertford itself on the map and twenty years ago the place was a lot more quiet and the police were right good chaps. Andrew Dedman for his sins was a nasty right winger who tampered and experimented with systems and law probably the type that was very much aware of people like Oswald Moseley in fact Dedman looks remarkably similar to this man. He was a brutally cold police officer across between a ferret and British Army stiff upper lip type although the kind of skinny/medium type build chap that you would find camping somewhere in the middle of the Brecon Beacons eating worms and rumours surfacing on the net indicate he left the police and was found by Mossad agents living in Turkey they apparently got real personal by naming him a man with American armed force tattoos on his left arm on an alleged IDF site in Israel. Dedman probably is part of a sinister network of espionage/crime/drugs as Turkey is not the sort of place a person would willingly live in being British Born no offence to the Turkish people here but it isn't many folks' ideal port of call, he's either hiding there or working or both and probably for both sides at the same time if you know what I mean... Dedman tampered with the British Police force PNC computer system leaving a trail of disinformation behind him the extent of which will probably remain another MI5 well kept secret, these types of police officers have been involved in creating DATA BANKS which are not only used by police but Diplomats and British Intelligence which is part of creating the capitalist infrastructure of Britain itself all information is a tradeable commodity and at some point ends up in the Kremlin or Washington. Some folk say that the only thing that's secret about MI5 is where they live and how much

money they earn each year everything else goes through the back door in one form or another...sorry chaps but that's the word...Dedman was involved in programming prisoners and the British mafia and Dedman itself is more a ring of pirates or network of people including criminals that help maintain protection within Britain.

Andrew Dedman arrested, detained and charged civilians that were left wing and known to Class War and other organisations. David Shayler claims in the above article that he was placed as an overseer of class war. The files that were available to Dedman on suspects he later charged came from Shayler's intelligence gathering (The Dedman Files).

Net articles.....The Dedman Files.....Andrew Dedman MI5.....

Andrew Dedman left The British Army and joined the British Police, it is believed he was transferred because mathematically the badge number he was allocated to use as a police officer, (every police officer has their own badge or identity number on the "force") was 1001! The emphasis here is the actual mathematical chances of owning this badge number in the British Police are practically ZERO its a computation that runs into many hundreds of thousands, as there are many hundreds of thousands of police officers so we believe it was a badge number on "Stand by". As we all know 1001 is a British expression or phrase only in this particular person's instance its a thousand and one misuses as opposed to uses. Andrew Dedman by name and nature was not a regular police officer. The name itself is an anagram of ...and your a deadman... A typically sinister calling card left on police files, court paperwork etc researches who quite often browse through British Intelligence files and Police Intelligence files would "lock" onto the "coding" of coming across a name of DEATH 1001. Because of his initial location a town known as Hertford, Hertfordshire where he worked as a mere detective constable it is thought that he was part of an undercover military unit within the police or even a secret police officer, that is a police officer who has different roles, his expertise and British Army knowledge would have made him prime time for the job, still being able to work with the British Army itself. This is because 20-30 years ago Hertford was the quintessential MI5 village situated far enough outside of London's capital served with two railway stations (not many towns in UK have two railway stations!) the British railway station from Hertford actually takes trains right inside of the tube station underground!!! PC Darren Brockwell pictured above was located some time ago at Snow Hill Police station,he was selected to become a "Special" police officer at Snow Hill,although the term "Special" is very much open to interpretation an inference can be drawn from this terminology,there are classified MI5 files held upon him that have been "Leaked" and for this reason the publishers of this article disclaim that they are not involved in obtaining MI5 information,It is rumoured that the Russian Government used agents to collect or trade information,information gathered or produced upon this page is part of "The Dedman Files".These files where obtained as a result of Mossad obtaining information on far right wing police officers in Britain one of whom was forced to leave the City of London Police Force for reasons that have yet to be classified or declassified or released.Darren is not an ordinary police officer, regular Police officers that work at Snow Hill are kept on Secondary MI5 Data Bases that require less security clearance to open up however they are still classified as MI5 Stock.The area in which Darren operates includes the Barbican Centre where Knighted persons work and attend the Barbican Complex.Security in the City of London where Darren worked is very high level and all Police and

Military radio communications are constantly monitored by MI5 Departments for Security Reasons. Darren came from the Banking Industry and was involved in Security work within the Banks. The above picture of Darren Brockwell is freely available on google images and has been confirmed as the same police officer that Mossad has upon its own data bases. Andrew Dedman (MI5) data bases and files included a link up/extension into Darren Brockwell as they both served in the same force City of London Police. Dedman was transferred at around 2003 to an intelligence gathering unit based somewhere in the Wood Street area and was known to Inspector Burgeois through different forms of protocol Darren Brockwell was also linked to Inspector Burgeois site indexes and other MI5 data based material. Darren apparently according to MI5 files received a medal from the Queens of England and was placed on MI5 files with this information. It also states that he was approached by MI5 to start a Gay rights group up in the City of London Police code named CHORUS. If Dedman hadn't of been "clipped" by Mossad then Darrens indexes wouldn't have turned up on Israel Intelligence files. Information upon left wingers obtained by Daren Brockwell was transferred to other European countries perhaps illegally however was then held by European forces despite the persons concerned not having criminal records in Europe where they where based, the information was then leaked and the information then became a risk to the persons life, in other words the persons life was put at risk because of leaking of information obtained by Dedman and his internal indexes – hence The Dedman Files. The information in Europe that was left by the City of London Police ended up in both Russia and Europe giving people passports back into British Intelligence itself... I don't want to have to say this but that's why bent cops have a thousand and one misuses.....

Whilst it is theoretically possible for a population of 4 million to create an army capable of taking over a country, the number of radical muslims who would form such an army are pretty small (thank goodness) and those that have shown such a tendency are pretty well monitored by MI5 and suspicious activities of the others would almost certainly be spotted by the population at large.

The UK may eventually become a muslim country but that will take decades and there will be a period of civil disturbance well before the end.

A2021 national survey by pollster John Zogby found a plurality of Americans (46%) believed a future civil war was likely, 43% felt it was unlikely, and 11% were not sure. War seemed more likely for younger people (53%) than older ones (31%), and for those residing in the South (49%) and Central/Great Lakes region (48%) relative to those in the East (39%).

Interesting finding out that Cringley was working in Ireland this story below will help with Intel! Albert Smith (Irish Independent newspaper) is a racist journalist and was involved in this incident

5,000,000 Dollars in Bitcoins ILLEGALLY confiscated and destroyed by Government Agents. WIKILEAKS/WIKIFREAKS.

<https://www.blogger.com/comment.g?blogID=2336394467865715231&postID=6121829002800385399&page=1&token=1633195361172&pli=1>

(Hissa like a big one you know?!)

Wikileaks and Julian are connected to the “Wiki” syndicate of servers, there are many “Wiki” based sites with different “Wiki” names that are part of a family tree, Assange is himself also more than aware of the Wikifreaks ** Bing and Google ** entry sites.

Today wikifreaks have many undercover members, anyone can write and call them selves a freak of “Wiki” although their are obvious political rules!. Wikifreakz are left and oppose and fight racism, antisemitism and capatilst ideology, although realists that accept money is still needed in modern day life to survive todays “Freaks” are cautious and are found within Arts, writing, music and of course computer publishing (an area the state and far right are affraid of!!).

Its upon the subject of free speech and publishing not to be confused with the Americans tainted expressionism that we focus upon, more to the point how far the far right will go to put ;Wikifolk” out of business as Mr Assange himself will undoubtedly agree with. Julian isnt of course the only “Wiki” martyr and it is here by clearly stated as evidence that an undercover British Governmen agent working with the police used violence and firearms to Confiscate/destroyed over (130 Bitcoins coins) 5 million dollars worth on a hard drive to be precise. It happened some time ago and the incident is linked to Bill Clintons top man (Dennis O Brien richest person in Ireland), Clinton of course having connections with the CIA through the Clinton foundation of which O Brien is a trusted member who has on previous occasions personally paid Clinton many hundreds of thousands of dollars as gifts, and as we know

Craig Murray accepted Hilary Clintons emails from a source that stated they had a dislike of the Clinton foundation.

Evidence of the funding of the Bitcoin transaction found here....and its the real thing be assured!! in family law you dont need to prove anything once you have the bank and police records... and its not going away either until the debt is paid in full by the Americanized/Irish Government.

At Google uk Albert Smith mi6 or Albert Smith Irish Independent research shows that this culprit works with convicted racist David Irving yet despite this the NUJ cant remove him from their ranks... now if this was the case in the USA a racist would be removed straight away,Albert Smith is found inside of Gorings Biography which cost Irving 2.5 million in court costs ,Smith appears in the digital version describing the nook as a “good offering” apparently he freely admits to being a British Government agent who was also paid to work for the Irish Police.
